Introduction

A. Introduction

Moving to Work (MTW) is a U.S. Department of Housing and Urban Development (HUD) demonstration program that offers public housing authorities (PHAs), like Home Forward, the opportunity to develop and pilot innovative, locally-designed housing and economic independence strategies for families by allowing exemptions from existing public housing and Housing Choice Voucher regulations. The program also permits PHAs to combine operating, capital, and tenant-based assistance funds into a single agency-wide funding source. The purposes of the MTW program are to give PHAs and HUD the flexibility to design and test various approaches for providing and administering housing assistance that accomplish three primary goals:

1. Reduce cost and achieve greater cost effectiveness in Federal expenditures;

2. Give incentives to families with children where the head of household is working, is seeking work, or is preparing for work by participating in job training, educational programs, or programs that assist people to obtain employment and become economically self-sufficient; and

3. Increase housing choices for low-income families.

Home Forward has been designated an MTW agency since 1998. The 2016 Consolidated Appropriations Act extended the MTW demonstration through fiscal year 2028 for Home Forward. This allows Home Forward to continue to utilize MTW flexibility to support our mission of assuring that the people of the community are sheltered.

The following Fiscal Year 2022 Moving to Work Plan details how Home Forward intends to use our flexibility. We will continue to use our MTW authority to best meet the needs of our community, with thoughtful intent, and the ability to quickly respond to changes in our region’s rental market and economy. Home Forward will continue to collaborate with local government and community service providers to expand and sustain housing resources for the community. These partnerships and Home Forward’s MTW flexibility are more important than ever as the Portland Metropolitan Area continues to experience a housing crisis, a crisis the Portland City Council recently extended through at least April 2022.

B. Overview of the Agency’s Long-Term MTW Goals and Objectives

Home Forward continues to implement our strategic plan to guide our work through 2022. The development of the strategic plan included input from staff, the Board of Directors, the Resident Advisory Committee and partners. The plan focuses on five key areas and includes an emphasis on equity, connection, unity, and racial justice.

One Portfolio: We’ll continue to build and acquire housing with a goal of adding 500 affordable housing units to Home Forward’s portfolio. We will convert our public housing properties to a Section 8-based subsidy while performing critical rehabs to best position the portfolio to remain stable for generations to come and to meet the needs of the people and neighborhoods they serve. We will also develop and implement performance standards at the property level and across the portfolio.

One Resource: We will work to create deeper connections and continuity between the types of housing assistance we provide to respond to the evolving needs of the people we serve. We’ll make changes to the way we manage our waiting lists to better meet the needs of the community in the current housing market. In an effort to make ourselves more available to the community and to better align staff resources and processes, we’ll explore a new model of service delivery that puts more of our staff in the neighborhoods we serve.
One Agency: We will build our skills and work together in ways that help us constantly evolve and improve our ability to serve our community. As we move forward with our public housing conversion through the Rental Assistance Demonstration (RAD) program, we will prepare ourselves for the implications of converting our portfolio to a Section 8-based platform. We will create and implement a values-based communications plan, increase the use of surveys, focus groups and other forms of outreach to get resident input, assess current practices to identify opportunities to integrate a trauma-informed lens to our work, and increase hard skills training and leadership development for staff at all levels of the organization.

One Community: We will continue to define our equity platform with a particular emphasis on racial justice. We'll identify opportunities and set goals to increase participation of Minority, Women and Emerging Small Businesses (MWESB) in our contracting processes. We'll optimize our use of technology to increase the community’s ability to interact and transact with us, and work to increase resident access to technology. We’ll deepen our focus on supporting the needs of East Multnomah County and ensure the region is included in all of our strategic initiatives.

One System: We will leverage our role as the largest provider of affordable housing in Oregon to improve collaboration and efficacy between systems impacting people in poverty. We’ll strengthen our engagement with the education and health care systems, and we will work tirelessly to add more affordable housing in our community, regardless of our role or ownership stake.

Home Forward began the planning process for our next strategic plan right before the COVID-19 public health emergency. We decided to pause strategic planning work in order to focus our efforts on COVID-19 response and will resume strategic planning as soon as it practicable.

C. Overview of the Agency’s Moving to Work Goals and Objectives for the Year

The Portland Metro region has experienced multiple emergencies over the past two years including wildfires, smoke, ice storms, extreme heat events, and the COVID-19 public health emergency. In light of these events, our primary goal for the upcoming plan year is to maintain operations, to continue to support our residents and participants to the greatest extent possible including by preventing evictions for nonpayment of rent, and to change policy and practices to advance racial equity. There continues to be an extreme deficit of housing affordable to people earning low incomes. The City of Portland’s most recent “State of Housing Report” found that there is not a single neighborhood where an extremely low income household could afford the rent. In light of the COVID-19 public health emergency and the disproportionate impact on low wage earners and Black and brown people, the region is bracing for a pending eviction crisis for nonpayment of rent. Despite State and Federal investments in rent assistance resources in 2020 and 2021, the pandemic continues with the emergence of the Delta variant and rent assistance resources remain below the scale necessary to meet the need. As a reaction to the COVID-19 emergency, the Oregon state legislature passed several bills in 2020 special sessions and the 2021 legislative session to protect tenants at risk of evictions for nonpayment of rent. Despite State and Federal investments in rent assistance resources in 2020 and 2021, the pandemic continues with the emergence of the Delta variant and rent assistance resources remain below the scale necessary to meet the need. As a reaction to the COVID-19 emergency, the Oregon state legislature passed several bills in 2020 special sessions and the 2021 legislative session to protect tenants at risk of evictions for nonpayment of rent. With the budget-stabilizing impact of the American Rescue Plan Act (2020), the legislature was able to make historic investments in affordable housing development and preservation.

Many households earning low incomes have been economically impacted by COVID-19 in Multnomah County, and Black, Indigenous, and people of color households have been disproportionately impacted. The State of Oregon passed an eviction moratorium ordinance that ended on June 30, 2021 and provides a grace period for rent payments missed during the moratorium period until February 28, 2022. Home Forward has played a significant role in the delivery of rent assistance in our community and has taken action to prevent eviction of Home Forward residents and participants who have been financially impacted by the pandemic.

Home Forward implemented waivers provided by the Department of Housing and Urban Development and Moving to Work activities over the past year to enable us respond to the crisis.
In addition to leveraging our Moving to Work authority to enable flexible and effective response to the pandemic, Home Forward has and plans to continue using our Moving to Work authority to advance racial equity. The pandemic has deepened existing racial and economic disparities which has informed Home Forward’s response both internally and in collaboration with our jurisdictional partners in the delivery of rent assistance. Home Forward is committed to becoming an anti-racist institution and we have implemented and will continue to implement policy and practice changes to reduce racial disparities and advance racial equity. For example, Home Forward decided to eliminate our rent reform minimum rent policy, reflected in this plan, because the policy disproportionately impacted Black, multiracial, and Hawaiian/Pacific Islander households. While eliminating minimum rents will reduce shelter burden for all households, the average reduction will be in the double digits for multiracial (16.3%), Black (11.2%), and Hawaiian Pacific Islander (10%) households. Home Forward has also used our Moving to Work authority to adjust payment standards in a way that reduces racial disparities in shelter burden for Black and brown households. We also paused the ability to increase rents in the Housing Choice Voucher program given existing racial disparities in rent increases and resulting rent burden in the private rental market. Meanwhile, we are analyzing evictions and termination policies using a race equity framework with an eye toward further reforms. This race equity work will continue within Home Forward’s programs, policies, and practices. Perhaps more importantly, we will work to amplify this work locally and nationally to counter the racist outcomes we see daily in our nation’s housing system.

Home Forward also continues to make progress towards our goal of converting our public housing portfolio to a Section 8-based platform through the Rental Assistance Demonstration (RAD) and Section 18 paths, tools that enables the preservation of this critical affordable housing infrastructure for generations to come. We converted 209 public housing units in 2021 an there are 436 public housing units remaining to convert under RAD with scheduled conversions starting in late 2021. The subsidy conversion transitions the public housing portfolio to a more stable funding source and will give Home Forward the ability to rehabilitate buildings and address long-standing capital needs while continuing to serve the same vulnerable population. We recognize RAD impacts our current residents who call our buildings home and additional organizational capacity will be required to effectively communicate and prepare them for the transition.
D. Overview of Non MTW Activities

Response to the COVID-19 Pandemic

In 2020 and 2021, Home Forward has played a significant role in the delivery of emergency rent assistance in response to the COVID-19 public health emergency. To date, we have administered over $33.1 million to landlords in Multnomah County through the Landlord Compensation Fund, a statewide landlord based rent assistance program that also alleviates tenant rent debt. We have administered over $35 million of emergency tenant based rent assistance in collaboration with our local partners, Multnomah County and the City of Portland. Finally, in August 2021 we began to administer a $5 million statewide Landlord Guarantee Program to compensate landlords who delayed action to evict a tenant for nonpayment of rent pursuant to Senate Bill 278 (2021) following the expiration of the State’s Eviction Moratorium on June 30, 2021.

Home Forward also took comprehensive action to prevent nonpayment evictions for residents of Home Forward properties and participants in our long term rent assistance programs. We implemented an internal eviction moratorium through October of 2021, beyond the requirements of any local, State, or Federal moratorium. We applied for landlord based rent assistance on behalf of our residents which enabled us to alleviate all rent debt from March to Dec 31, 2020. We are poised to implement a portfolio-wide affordable repayment agreement policy for rent arrears accumulated during the pandemic to ensure that residents can choose a monthly repayment agreement amount that works with their budget and maintains stable tenancies. Our community services staff have proactively assisted residents in applying for rent assistance, receiving other emergency supports, and gaining access to on-site vacation clinics. We are also contracting with a local partner to support voucher holders in applying for emergency rent assistance if they were at risk of eviction. Finally, during the pandemic we stopped terminations of Section 8 assistance, and during 2020 we paused increases to tenant rents throughout the Housing Choice Voucher program to promote housing stability.

Regional Longterm Rent Assistance (RLRA)

In the spring of 2020, voters in the tri-County Metro region passed a bond measure to fund supportive housing rent assistance and services. Home Forward is implementing the rent assistance portion of this measure on behalf of Multnomah County. The program is expected to provide approximately $50 million in locally funded rent assistance in Multnomah County each year. Home Forward’s Moving to Work authority gave us experience with flexible rent assistance programming that was invaluable in the development of this program and Home Forward’s readiness to be a trusted and effective implementation partner.

VASH Households

Veterans Affairs Supportive Housing (VASH) vouchers are an important and valuable resource for homeless veterans in our community. Home Forward currently administers 1,045 VASH vouchers, up from our original award of 70 vouchers in FY2009. Most recently, Home Forward was awarded 75 new VASH vouchers with an effective date of May 1, 2021. We are proud to administer these vouchers for the veterans in our community.

Our March 2018 VASH utilization level was up to 96%. Starting with Home Forward’s new VASH awards from 2019 and 2020 our utilization has dropped as we work with the VA and community partners to lease-up these new vouchers. As of June 2021 our utilization is at 66%. The lease-up success rate for VASH vouchers continues to be high, at 94% in June 2021 and leasing continues to increase at a steady pace.

Our ability to effectively increase the scale of our VASH program in the face of an incredibly tight rental market is testament to the success of our partnership with the local Veterans Administration Medical Center, Multnomah County, the City of Portland and a host of non-profit agencies including Transition Projects, our communities Supportive Services for Veteran Families recipient. Home Forward continues to provide security deposit assistance,
and our jurisdictional partners, through the Joint Office for Homeless Services, funds additional flexible placement and retention assistance which can be used for any costs related to removing barriers related to lease-up, such as application fees, utility and housing debt, and transportation costs associated with housing search. Additionally, Home Forward is working with the VA and partners to increase the number of Project Based VASH, in order to increase access to housing for Veterans that face the greatest barriers to lease up in the private rental market. There are currently 78 Project Based VASH units. We anticipate the lease up of 65 more Project Based VASH units in 3 properties starting in 2022.

In fall of 2014 we requested authorization from the HUD Voucher Office to include VASH voucher holders in the application of approved MTW activities.

In November and December 2014, we received approval to apply the requested MTW activities to VASH voucher holders. In August 2016, we requested authorization to apply to VASH aspects of our local MTW Project Based Voucher program together with new MTW activities included in our FY 2017 plan.

A Home for Everyone

A Home for Everyone is a community-wide effort to better assist people experiencing homelessness in Multnomah County. Established through a charter adopted by Home Forward, Multnomah County, and the cities of Portland and Gresham, A Home for Everyone is led by an executive committee comprised of jurisdictional and funding partners and supported by a coordinating board comprised of a diverse set of community, nonprofit and government stakeholders. By charter, Home Forward has a seat on the Home for Everyone Executive Committee. Through our participation in A Home for Everyone, Home Forward works to strategically align our resources with the community’s larger efforts to address homelessness.

In 2014, the Home for Everyone Coordinating Board developed staged action plans related to community efforts to address homelessness. This included an actionable plan to end veteran homelessness, an assessment of housing needs and gaps for people experiencing homelessness, and a plan to reduce the gap by 50%. In response to action plans developed by a Home for Everyone, Home Forward committed to new targeting of Housing Choice Vouchers in two areas:

1. A limited preference for up to fifty vouchers for veteran families that are ineligible for Veterans Affairs Supportive Housing vouchers.
2. A limited preference for up to 200 vouchers for families assisted through Multnomah County’s Homeless Family System of Care.

These preferences were fully utilized in FY 2017. An evaluation of these preferences showed their success at achieving strong lease-up, retention and resource alignment outcomes for families and individuals leaving homelessness. Home Forward may continue or expand these efforts utilizing the Tenant-Based Voucher Set Aside activity approved with our FY 2017 Moving to Work Plan. Starting in 2019, Home Forward has started evaluating the feasibility of renewing these preferences to lease back to their original levels, and will continue to do so in 2020.

In 2018, Home Forward was selected by A Home For Everyone and local government funders to administer the Long Term Rent Assistance (LRA) program. This pilot project serves 45 households with permanent rent assistance. Assisted households were either experiencing or in danger of homelessness at the outset of assistance and were selected by community non-profits to receive permanent rent assistance paired with housing retention supports.

General Obligation (GO) Bonds – City of Portland and Metro Regional Government

City of Portland GO Bond: In November 2016 voters in the city of Portland approved $258.4 million in general obligation bonds to fund at least 1,300 units of newly affordable housing over the next five to seven years. As of
December 2018, 634 total units have been met which include: 286 family-sized units, 281 units at 30%AMI and below; and 197 Permanent Supportive Housing Units. 215 Project-based Section 8 units have been allocated of the 400 vouchers set aside by the MTW amendment 16 approved by HUD — “Affordable Housing General Obligation Bond Project Based Voucher Allocation.”

Home Forward is participating in the Portland GO Bond in two ways:

1) Asset Management – Home Forward’s asset management team is overseeing third-party property management on behalf of the City of Portland. As of December 31, 2019, five properties have been included in Home Forward’s asset management portfolio:
   a. Ellington – 262 units (1 unit taken offline for Resident Services use)
   b. East Burnside – 51 units
   c. Fairfield – 82 units
   d. Headwaters – 100 units
   e. Westwind – 70 SRO units

2) Development of City- Purchased Site on SE 30th and SE Powell- During a pre-development phase, Home Forward contracted with a design firm to provide analysis of options for development of a site at SE 30th and SE Powell in Portland. After confirming the viability of the site, Home Forward is proceeding as the owner/developer and has contracted with a design team and construction contractor. As of mid-July 2020, approximately 210 units are anticipated. At least 30 of the total units will be designated as Permanent Supportive Housing for families who have previously experienced homelessness. Financial closing and the start of construction are anticipated in August 2021, followed by approximately 22 months of construction.

Metro Regional GO Bond: Voters in the three-county area (including Multnomah County which is served by Home Forward) approved an affordable housing bond in November 2018. The Metro GO Bond plans to create 3,900 affordable units with 1,600 of these homes deeply affordable to households at or below 30% AMI. Half of the homes created will have two or more bedrooms to ensure access by families.

As of July 2020, it is anticipated that Home Forward will receive allocations in two areas:

1) Redevelopment of Dekum Court – Approved as a “Phase 1 project” for use of Metro bond funds, Dekum Court. Home Forward selected Dekum Court as the site for major redevelopment which leverages the Section 18 disposition which HUD approved for the site (October 2018) and utilizes a proposed transfer of 27 units of RAD assistance from Cora Park, Chateau Apartments and Scattered East A. Metro approved the Phase I project and an allocation of approximately $22 million in bond funds in July 2019. Redevelopment will be completed in two phases, with Phase I ensuring that existing residents (40 units) have the choice to relocated into the new building (Spring 2022) prior to demolition of the current buildings. After completion of Phase II by Fall 2023, a total of 187 apartments will be located on the site.

2) Troutdale property utilizing funds for Eastern Multnomah County projects – Due to smaller population sizes, the three cities in eastern Multnomah County did not qualify for individual allocations of bond funding. Instead, Multnomah County and Metro have designated Home Forward as the jurisdictional partner to receive the bond allocation to cover approximately 111 units of affordable housing in this area. Multnomah County has identified county-owned property in Troutdale that is in an area suitable for development as affordable
housing. Home Forward is working from staff from the City of Troutdale to develop an initial design concept. Formal transfer of ownership from the County to Home Forward is anticipated during 2021 along with the beginning of an official design process.

**The Louisa Flowers**

Home Forward successfully completed construction of the Louisa Flowers in October 2019. Lease up was completed in 2020. Rents are affordable in the following income ranges:

- 217 homes for households with incomes at or below 60% Median Family Income (MFI), and
- 23 homes for households with incomes at or below 50% MFI.

Of the 240 total, 20 homes will also be assigned Section 8 project-based vouchers to assist with rental subsidy for those recovering from domestic violence.

**Portland Community College (PCC) Partnership (NE 42nd and Killingsworth)**

Home Forward has selected a design team and construction contractor for the development of affordable housing on approximately one acre of a three-acre site owned by PCC. The college will be redeveloping an existing workforce training center and Home Forward will add 84 100 new apartment homes adjacent to PCC’s new workforce facility. Home Forward’s building will also include 4,200 square feet of ground floor commercial space for the Native American Youth and Family Center (NAYA).

**Baldwin Site Redevelopment (The Hattie Redmond)**

Home Forward successfully competed for funding from the State of Oregon to redevelop 12 units of market-rate housing currently located on NE Interstate and Baldwin into 60 studio apartments which will serve as Permanent Supportive Housing for people who have experienced homelessness. Home Forward is partnering with the Urban League of Portland to ensure culturally sensitive services are provided on site. A design team has been selected, community outreach has been completed and financing partners have been selected. Financial closing and start of construction are planned for October 2021.
Fairfield Hotel Rehabilitation

In June 2021, Home Forward was awarded 9% Low Income Housing Tax Credits to rehabilitate the Fairfield Hotel—an 82-unit SRO project with 80 units of rental assistance via a Section 8 Moderate Rehabilitation contract. Home Forward will be converting the Fairfield to RAD in conjunction with extensive rehabilitation and seismic upgrades. Home Forward is currently running a selection process for design and construction services. RAD conversion and start of rehabilitation is currently anticipated to occur in the 1st quarter of 2022.

Redevelopment of 4720 North Maryland, Portland Oregon

In July of 2021, Home Forward purchased a full city block (0.9 acres) within Portland for redevelopment. Home Forward is exploring the idea of co-locating affordable rental housing and early learning opportunities on the site. Site planning efforts will begin in 2022.

Rehabilitation of Grace Peck Manor

Grace Peck Manor is a Home Forward-owed property with a HUD Multifamily Section 8 contract for all units. It has 95 one-bedroom apartments for seniors and persons with disabilities. Home Forward will utilize 4% Low Income Housing Tax Credits to undertake renovations necessary to preserve Grace Peck as affordable housing with rental assistance for future generations. Home Forward selected Grace Peck’s design and construction team in June 2021. Renovations are currently scheduled to begin in the 4th quarter of 2022.

High Rise Preservation Efforts: 85 Stories

As part of our Strategic Plan goal, One Portfolio, we will increase the number of housing units for our community through preservation, development and acquisition. With approvals from HUD in both Section 18 and RAD, Home Forward’s entire public housing portfolio will be transitioned to either project-based vouchers or project-based rental assistance.

Phase I (The first four high rise towers): HUD approved our proposal to change the operating subsidy at four of the buildings from public housing to project-based Section 8 funding (via a Section 18 disposition process). This subsidy change occurred during September 2013 and transfer to the LIHTC partnership (and the accompanying affordable housing lease up) happened during FY2015. The Phase I budget was approximately $124.7 million. Because of the great importance of this work, the agency contributed a significant amount of its own resources to Phase I: $13.6 million (11% of the total funding). Construction was completed during FY2017 at each of the first four properties (Group 1: Northwest Tower & Annex, plus Gallagher Plaza; and Group 2: Hollywood East, and Sellwood Center).

Phase II: RAD conversions focused in two groups occurred during Fall 2017. Group 3 included six mixed finance properties which were not in need of renovations.(Note: Originally the subsidy conversion for one of the properties, Madrona Place, was included in Group 3. Subsequently, over $3 million in deferred maintenance has been uncovered and the redevelopment financing costs will now be included in Group 7 activities.) Group 4 included three HOPE VI properties which are also newer properties that were not in need of renovations.

Phase III: To complete the RAD and Section 18 conversions, we have developed a financial strategy that allows the agency to complete the conversion process by converting public housing primarily in groups (or bundles) of properties. Group 5 includes two Section 18 properties and five RAD properties. Financial closing for Group 5 occurred in November 2018. Group 6 also includes two Section 18 properties along with seven RAD properties. Financial closing for Group 6 occurred in June 2019. Group 7 includes one Section 18 property and three RAD properties. Financial closing for Group 7 occurred in May 2021. Financial closing for
Dekum Court’s redevelopment – a Section 18 conversion that also incorporates Metro Regional GO Bond funding – is scheduled for March 2022. The balance of our public housing portfolio is scheduled to convert to Section 8 funding by 2024. The properties in Group 7 are scheduled for financial closing during between 2021 and 2023.

Public Housing Strategy

Several important policies guide us as we undertake this complex and challenging initiative. We developed these policies through our work over the last 15 years, starting with our first HOPE VI redevelopment, to preserve this vital community resource.

Policy Guidelines for Subsidy Conversion

1) Continue to serve very low-income populations in these communities
2) Maintain ownership or control of the properties
3) Improve the physical and financial condition of the properties
4) Partner to optimize public and private resources on behalf of the properties and our residents

As described in the previous 85 Stories section, the subsidy conversion process uses a combination of HUD’s RAD and Section 18 programs. The charts below summarize the conversion of properties by HUD program.

Previous 85 Stories RAD Conversions

Group 3 converted using the RAD program and included The Jeffrey, Rockwood Station, Martha Washington, Bud Clark Commons, Madrona Place (see narrative regarding Groups 3 and 7), and Fairview Oaks and Woods.

Group 4, Home Forward’s three HOPE VI properties (containing seven mixed-finance partnerships) also converted to project-based Section 8 subsidy using the RAD program.

Group 5 conversions included two Section 18 properties (Tamarack and Schrunk Riverview Tower) plus five RAD properties: Camelia Court, Eliot Square, Maple Mallory, Bel Park, and Winchell Court.

Group 6 conversions included two Section 18 properties (Medallion and Williams Plaza) plus seven RAD properties: Alderwood, Hunter’s Run, Harold Lee Village, Floresta, Powellhurst, Tillicum North, and Tillicum South.

Group 7 conversions included one Section 18 property (Dahlke Manor) plus three RAD properties: Fir Acres, Stark Manor, and Eastwood Court.

Section 18 Disposition – During 2018, Home Forward received approval from HUD for our remaining Section 18 conversions. These followed the successful first conversions comprised of Group 1 and 2 with four of our high-rise properties. Groups 5 and 6 (above) each included two Section 18 properties. Group 7 included one Section 18 property.

iii. Planned New Project Based Vouchers
Tenant-based vouchers that the MTW PHA anticipates project-basing for the first time during the Plan Year. These include only those in which at least an Agreement to enter into a Housing Assistance Payment (AHAP) will be in place by the end of the Plan Year. Indicate whether the unit is included in the Rental Assistance Demonstration (RAD).
iv. Planned Existing Project Based Vouchers

Tenant-based vouchers that the MTW PHA is currently project-basing in the Plan Year. These include only those in which at least an AHAP is already in place at the beginning of the Plan Year. Indicate whether the unit is included in RAD.

v. Planned Other Changes to MTW Housing Stock Anticipated During the Plan Year
Examples of the types of other changes can include (but are not limited to): units held off-line due to relocation or substantial rehabilitation, local, non-traditional units to be acquired/developed, etc.

**PLANNED OTHER CHANGES TO MTW HOUSING STOCK ANTICIPATED IN THE PLAN YEAR**

N/A

General Description of All Planned Capital Expenditures During the Plan Year
*Note: The Major Systems Upgrades titled 85 Stories is planned for Home Forward’s public housing properties converting to HUD’s RAD and/or Section 18 Disposition programs.

Group 5 received approval through HUD’s RAD and Section 18 Disposition Programs. The group converted into a Tax Credit Limited Partnership in November 2018 and is currently in construction phase. This group consists of seven properties - Tamarack, Schrunk Tower, Eliot Square, Maple Mallory, Bel Park, Winchell Court and Camelia Court.

Group 6 received approval through HUD's RAD and Section 18 Disposition Programs. The group converted into a Tax Credit Limited Partnership in June 2019 and is currently in construction phase. This group consists of nine properties - Medallion, Williams Plaza, Harold Lee, Floresta, Powellhurst, Tillicum North, Tillicum South Hunters Run and Alderwood.

Group 7 received approval through HUD’s RAD and Section 18 Disposition Programs and are still in the planning phase. The work will be bundled into a Tax Credit Limited Partnership. Group 7 currently consists of four properties - Dahike Manor, Fir Acres, Eastwood Court, Stark Manor.

Group 8 received approval through HUD’s RAD and Section 18 Disposition Programs and are still in the planning phase. The work will be bundled into a Tax Credit Limited Partnership. Group 8 currently consists of five properties: Holgate House, Ruth Haefner, Lexington Court, Carlton Court, and Demar Downs.

B. Leasing Information

i. Planned Number of Households Served
   Snapshot and unit month information on the number of households the MTW PHA plans to serve at the end of the Plan Year.
PLANNED NUMBER OF HOUSEHOLDS SERVED THROUGH:

<table>
<thead>
<tr>
<th></th>
<th>PLANNED NUMBER OF UNIT MONTHS OCCUPIED/LEASED*</th>

<tr>
<td>Local, Non-Traditional: Homeownership^</td>
<td>0</td>
<td>0</td>
</tr>
<tr>
<td>Planned Total Households Served</td>
<td>128,839</td>
<td>10,737</td>
</tr>
</tbody>
</table>

* "Planned Number of Unit Months Occupied/Leased" is the total number of months the MTW PHA plans to have leased/occupied in each category throughout the full Plan Year.

** "Planned Number of Households to be Served" is calculated by dividing the “Planned Number of Unit Months Occupied/Leased” by the number of months in the Plan Year.

^ In instances when a local, non-traditional program provides a certain subsidy level but does not specify a number of units/households to be served, the MTW PHA should estimate the number of households to be served.

LOCAL, NON-TRADITIONAL CATEGORY  | MTW ACTIVITY NAME/NUMBER  | PLANNED NUMBER OF UNIT MONTHS OCCUPIED/LEASED* | PLANNED NUMBER OF HOUSEHOLDS TO BE SERVED* |
---------------------------------|---------------------------|-----------------------------------------------|--------------------------------------------|
| Tenant-Based                    | Program Based Assistance / 14 | 1,464                                         | 122                                        |
| Property-Based                  | Program Based Assistance / 14 | 60                                            | 5                                          |
| Homeownership                   | N/A                        | 0                                             | 0                                          |

* The sum of the figures provided should match the totals provided for each local, non-traditional categories in the previous table. Figures should be given by individual activity. Multiple entries may be made for each category if applicable.

</tr>
</thead>
</table>

---

Home Forward
Please describe any duplication of applicants across waiting lists:

72 households are duplicated across the MTW Public Housing and MTW Housing Choice Voucher (Community-Wide) waitlists. The MTW Housing Choice Voucher (Site-Based) is a Project-Based voucher waitlist (see Activity 10), with waitlists kept by partner agencies administering the PBV contract. Additional households may be duplicated between MTW Public Housing, MTW Housing Choice Voucher (Community-Wide) and MTW Housing Choice Voucher (Site-Based).

Our MTW Public Housing waiting list is currently closed except for households needing an ADA accessible unit or applicants who have a documented terminal illness with a life expectancy of less than 12 months. Our Community-Wide MTW Housing Choice Voucher waitlist is currently closed except for applicants who have a documented terminal illness with a life expectancy of less than 12 months.

Our Tenant-Based Local, Non-Traditional program is our Program Based Assistance program (described in detail in Activity 14). This program largely contracts funds to partner agencies, which then manage the participant selection process, sometimes in partnership with Home Forward.

Each agency currently uses different methods for participant selection, but all programs target families who are homeless or at risk of homelessness.

In 2020, Home Forward will fund three tenant-based local, non-traditional programs. These three programs are administered by two partner agencies.

The third tenant-based program, Economic Opportunity Program, does not utilize a waiting list. Rather, when funding becomes available, the STRA agency begins accepting referrals from their partner agency, Worksystems, until the available funding is obligated.

### ii. Planned Changes to Waiting List in the Plan Year

Please describe any anticipated changes to the organizational structure or policies of the waiting list(s), including any opening or closing of a waiting list, during the Plan Year.

Proposed MTW Activities

Home Forward is not proposing any new MTW activities at this time.
A. Implemented Activities

01 Rent Reform

Approved FY2012, Implemented FY2012, Amended FY2014, FY2020, & FY2021

This activity was originally approved and implemented in FY2012. In FY2014, an amendment to the activity was approved and implemented. Our FY2015 MTW Plan included three modifications, which have also been implemented. Our FY2020 MTW plan included two modifications, which Home Forward is in the process of implementing. All amendments and modifications are included in the following full description of our rent reform activity:

In FY2012, Home Forward implemented a large-scale reform of rent calculation methods, applicable to all MTW public housing and Section 8 households, as well as VASH and FUP voucher holders. The simplified method distinguishes between the populations of seniors / people with disabilities and "work-focused" households. The fundamental premise is that deductions are eliminated from the subsidy calculation and the total tenant payment is determined using a percentage of gross income.

In early 2013, the federal government imposed sequestration: across-the-board reductions in federal funding. In response to these funding cuts, Home Forward amended the activity in FY2014 to increase the percentage of income used to calculate rent. The amended percentages are reflected below.

MTW authorization:
Attachment C, Section B(3) – Definition of Elderly Family
Attachment C, Section D(2)(b) – Rent Policies and Term Limits
Attachment C, Section D(2)(e) – Rent Policies and Term Limits
Attachment C, Section D(3)(b) – Eligibility of Participants
Attachment D, Section B(2) – Rent Structure and Rent Reform
Attachment D, Section D(1) – Establishment of a local Section 8/Housing Choice Voucher program

Statutory objective:
Reduce cost and achieve greater cost effectiveness in Federal expenditures
Give incentives to families with children where the head of household is working, is seeking work, or is preparing for work by participating in job training, educational programs, or programs that assist people to obtain employment and become economically self-sufficient

For seniors and people with disabilities, rent is calculated based on 28.5% of gross income. All deductions are eliminated and this group has triennial income re-certifications. We define those aged 55 and older as “seniors”, and households fall into this population category if the head, co-head or spouse listed on the lease is 55 or older, or is disabled under the current HUD definition used by Home Forward.

This group has a $0 minimum rent and utility reimbursements are allowed.

All households that do not fall into the population category above are considered work-focused households. All deductions are eliminated and this group has biennial income re-certifications. The percentages of income used to calculate the tenant portion of rent are as follows:

Years 1 and 2: rent is based on 29.5% of gross income, with no minimum rent. Utility reimbursements are allowed.
Years 3 and 4: rent is based on 29.5% of gross income. Utility reimbursements are allowed.

Years 5 and 6, and biennially thereafter: rent is based on 31% of gross income. Utility reimbursements are allowed.

The following policies apply to all households:

Home Forward has removed the set subsidy proration amount for mixed status families and replaced it with a proration of $1 after reviewing impacts on overall agency finances, per-voucher costs, and a review of demographics of impacted households. This analysis revealed a large impact on households with minor children compared against minor impacts on overall agency annual budget and per unit voucher costs.

The ceiling rent for public housing is set to match Section 8 payment standards. There is no flat-rent option.

Home Forward has created a separate "release of information" form to supplement the HUD Form 9886, in order to obtain a release of information that covers the appropriate biennial or triennial review cycle.

For Section 8 households where the gross rent of the unit exceeds the applicable payment standard, Home Forward will approve the tenancy at initial occupancy so long as the household share does not exceed 50 percent of the household’s gross income.

When a Section 8 household is approved to move and the identified unit has a gross rent that exceeds the payment standard, Home Forward will use the existing income verification on file to test for affordability. Home Forward will not require a re-examination to verify income for this purpose, unless the family requests it.

When a Section 8 household reports a change in family size, if the household has resided in their unit for at least 12 months, Home Forward will require an interim review. Any changes to voucher size, payment standard and subsidy calculation will be effective 120 days after the interim review.

The earned income disallowance is eliminated.

All GOALS participants are included in the rent reform calculation.

Home Forward uses actual past income to determine annual income for participant families.

All income sources used to determine a household’s public housing rent or Section 8 assistance are the same as currently defined by HUD, with the following exceptions:

The value of any asset or the value of any income derived from that asset is not used in the rent calculation, except when the asset makes regular payments (quarterly or more often) to the resident or participant. However, the value of assets or the value of any income derived from assets is used to determine initial eligibility. Home Forward allows households to self-certify assets with a net value of $5,000 or less.

All earned income of full-time students age 18 and over is excluded from the rent calculation, unless they are the head, co-head or spouse of the household.

Student financial assistance is considered only for the purpose of determining eligibility. Student financial assistance is not used to determine annual income for rent and subsidy calculation.

All adoption assistance payments are excluded from the rent calculation.

Households have the option to not report income that is not used in the rent calculation, such as foster care payments. However, Home Forward will accept income reporting of such sources for use in determining affordability of a unit. Home Forward permits families to rent units where the family share is up to 50% of their gross income.
Households may apply for a hardship review if their total monthly shelter costs exceed 50% of the total monthly income used to determine their rent subsidy. Section 8 participants who choose to rent housing where the total shelter costs exceed 50% of total monthly income at the time of initial lease-up in that unit will not generally qualify for hardship review; however, all households have the right to request a hardship and exceptions may be made. The committee has a menu of remedies to reduce a qualifying household’s burden.

Rent reform has been fully implemented. At this time, all MTW public housing and Section 8 households, as well as VASH and FUP voucher holders, are on the rent reform calculation. The earliest group of work-focused households transitioned to the second level of rent payment beginning in FY2015. Home Forward continues to monitor hardship requests, household and agency financial impacts and staff feedback to prepare for any changes that may need to be made to the activity.

In FY2020, Home Forward made two modifications to this activity which are in the process of being implemented. The first modification was adjusting the set subsidy proration amount for mixed status families after reviewing impacts on overall agency finances, per-voucher costs, and a review of demographics of impacted households. This analysis revealed a large impact on households with minor children compared against minor impacts to the overall annual agency budget and per unit voucher costs. The second modification was to allow Home Forward to temporarily deny all rent increase requests, or pause processing rent increase requests, from landlords of Tenant Based Voucher holders for rent increases that would go into effect during calendar year 2021 in response to the COVID-19 public health emergency. Home Forward implemented this modification by pausing processing rent increase requests from landlords of Tenant Based voucher holders that would have taken effect during calendar year 2021 in response to the COVID-19 public health emergency.

In FY2021, Home Forward made a modification to this activity that eliminated minimum rent and allows for all households to be eligible for utility reimbursement payments. Previously, work-focused year 3 & 4 households were subject to a $100 minimum rent and were not eligible for utility reimbursement payments. Work-focused year 5 households were subject to a $200 minimum rent and were not eligible for utility reimbursement payments.

Home Forward implemented this approach based upon a consideration of the following factors:

- A consideration of financial and administrative impact on Home Forward;
- Rent burden on tenants participating in the Housing Choice Voucher program;
- Impact on participating landlords; and
- Other compelling situations which may include the declaration of a state of emergency.

Authority to implement this approach derives from SectionD(2)(e) of Attachment C to the HUD-Home Forward MTW Agreement. Section D(2)(e): "The Agency is authorized to implement alternative review and/or approval procedures for rent increases."

Changes or Modifications:

We are not anticipating any changes to this activity.

</table>
Home Forward’s YARDI database continues to serve as the source for household income and total tenant rent payment information. The baseline data for hours required to conduct rent calculation and income reviews was collected through staff interviews and workflow analysis. This process will be repeated in subsequent years to determine progress towards benchmarks and goals.

**MTW Flexibility:**

Home Forward has used our rent reform authorizations to eliminate deductions, simplify the rent calculation, change review schedules, and implement other policy adjustments that as a whole, make up our rent reform activity, as described above.
02 GOALS – Home Forward’s Family Self Sufficiency Program

Approved FY2014, Implemented FY2014

In our FY2014 Plan, Home Forward proposed an activity to align existing self-sufficiency programs into one consolidated program, which we refer to as the GOALS (Greater Opportunities to Advance, Learn and Succeed) program. This program is tailored to meet the needs of our community and be efficient for staff to administer. GOALS program requirements are the same regardless of funding source, program or property, with a few minor exceptions for site-based programs.

The key elements of the GOALS program are as follows:

The rent reform calculation (Activity 01) is used for all GOALS participants.

Participants who are engaged in a designated program intended to increase the family’s economic independence (such as an employment or training program) will receive a preference on the GOALS waiting list. 100% of the GOALS slots may be filled with participants utilizing this preference.

Home Forward will allow the GOALS contract to be in the name of any adult member of the household.

The traditional escrow account used in HUD Family Self-Sufficiency (FSS) programs has been replaced with a managed savings account. Any rent paid by a participant household above $351 (known as the “strike point”) will be placed into the managed savings account. The monthly amount placed into a family’s managed savings account is limited to the difference between the strike point and the family’s ceiling rent (for public housing families) or voucher payment standard (for Section 8 families). Households participating in GOALS whose unit is converted under RAD are subject to policies consistent with the RAD program.

The length of time on the program will be five years, with the opportunity to extend for an additional two years. Eligibility for the two-year extension follows current policy and HUD guidelines.

Participants graduate and have access to the funds in their managed savings account when they have completed their training plan and fulfilled the obligations identified in their contract.

Families who leave the program prior to graduation will forfeit any money accrued in their managed savings account.

Staff implementing the GOALS program will be funded by a combination of HUD-funded FSS Coordinator money, grant funding and agency budgeting.

FSS Coordinator funds will be used only for FSS Coordinator salaries, as directed by the respective NOFAs.

At properties where participation in GOALS was mandatory, the property will continue to utilize a site-based preference on the GOALS waitlist to encourage participation in the family self-sufficiency program at these sites.

When a public housing resident reaches ceiling rent, or a housing assistance payment for a voucher participant drops to zero, deposits into the family’s managed savings account will cease. Families can continue to participate in the program for an additional six months, but no savings will accrue during this time. If the family is still at ceiling rent or
zero assistance after six months, they will graduate from the program. If the family’s income decreases to a level that housing assistance is reinstated during that six-month period, they may begin to earn escrow again, and continue participation in the program as long as the contract determines they are still eligible.

GOALS participants who enroll in the Individual Development Account (IDA) program will be able to withdraw from their managed savings account up to $700 per year, for a maximum of 3 consecutive years or $2,100. In order to utilize managed savings account for IDA deposits, participants will need to be co-enrolled in GOALS and IDA programs. If a participant withdraws from the IDA program before successfully completing the IDA program, the IDA provider will refund the full managed savings account to Home Forward. By allowing participants the option to apply more restricted funds towards their IDA, the intent is to allow households to use their more readily accessible, or unrestricted, funds such as earned income tax credit (EITC) returns, to meet more immediate financial needs. This would permit financially vulnerable households to continue working towards long term financial investment while maximizing choice in how to best apply unrestricted funds towards any current financial obligations.

**Changes or Modifications:**

\(^2\)Defined as households that have earned or permanent income that results in area median income (AMI) above 50% and/or that have voluntarily exited housing assistance

### MTW Flexibility:

Home Forward has used our authority to develop a family self-sufficiency program that meets the needs of our local community. This program is specifically designed to meet the statutory objective of giving incentive to our families to obtain employment and work towards becoming economically self-sufficient.
03 Local Blended Subsidy

**Approved FY2012, Implemented FY2012**

Home Forward has created a local blended subsidy (LBS) program to improve the financial viability of adding “banked” public housing units back into the portfolio. Public housing operating subsidy alone is often insufficient to support bringing these units back to properties. The LBS program uses a blend of MTW Section 8 and public housing operating funds to subsidize units reserved for families earning 80 percent or below of area median income. These units may be new construction, rehabilitated, or existing housing.

The LBS program combines tenant paid rent, Section 8 funds, and public housing funds, resulting in a total per unit rent amount. Rents are set by an internal process to determine the amount of subsidy that will meet property needs, and are subject to completion of rent reasonableness tests. Home Forward uses the payment standard as the maximum rent for LBS units, or up to 125% of Fair Market Rents in the case of service-enriched units. This leveraging of resources allows for a more adequate revenue stream and increases the number of households that can be served.

**Changes or modifications:**

**MTW authorization:**
- Attachment C, Section B(1) – Single Fund Budget with Full Flexibility
- Attachment C, Section C(2) – Local Preferences and Admission and Continued Occupancy Policies and Procedures
- Attachment D, Section B(3) – Local Unit Based Subsidy Program

**Statutory objective:**
Increase housing choice for low-income families
MTW Flexibility:

This activity uses single fund budget flexibility and authorization to develop a local unit-based subsidy program in order to create the administrative and funding structure for LBS. This increases housing choice for low-income families by allowing Home Forward to add financially viable, subsidized units back into its portfolio. LBS has allowed Home Forward to leverage debt, equity and increased services at these three properties. Additionally, the ability to create local preferences, and admission and occupancy policies and procedures allows Home Forward to manage the units to provide similar protections as public housing and also adapt the rules for efficiency and local needs.

Home Forward understands and is committed to our obligation to continue to serve substantially the same number of families as if we had not participated in the MTW demonstration. We are aware of the pressure our LBS activity may place on the agency to continue to meet our baseline households served, and we carefully consider this information before moving forward with implementation strategies. We are continuing to explore and develop additional alternative options for local rent assistance programs that will serve a significant need in our community, and will also support our ability to meet our baseline households served once LBS is fully implemented.
06 Alternative Inspection Requirements for Partner-Based Programs

**Approved FY2012, Implemented FY2012**

Home Forward aligns our housing resources with the services of jurisdictional and community partners in order to maximize impact and effectiveness. In an effort to reduce costs and increase efficiencies, Home Forward uses alternate inspection standards for programs where we contract out resources to be administered by partners. Rather than requiring full Housing Quality Standards (HQS) inspections, Home Forward requires that these units meet the habitability standards, unit inspection requirement, and lead-based paint visual assessment requirements of the US Department of Housing and Urban Development’s Homelessness Prevention and Rapid Re-Housing Program. Staff from jurisdictional and community providers are able to arrange for and conduct required inspections themselves, in conjunction with other required visits to the assisted units, which is often more efficient and allows clients to move in faster than if they had to wait for a scheduled Home Forward inspection.

**Changes or modifications:**

We are not anticipating any changes to this activity.

</tbody>
</table>

**MTW Flexibility:**

Home Forward uses MTW authority to allow alternative inspection requirements for units assisted with rent assistance that we have contracted to community partners. These alternate inspection requirements ensure housing standards while increasing efficiency and cost effectiveness.
07 Landlord Self-Certification of Minor Repairs

Approved FY2013, Implemented FY2013

In many cases, units may fail an initial or biennial inspection due to minor items, such as cracked socket plates or closet doors that are off track. Requiring a Home Forward inspector to make a trip back to a unit to verify such minor repairs is inefficient and costly. Home Forward has implemented a policy that in cases where there are no more than four minor deficiencies, we may accept an owner’s certification that required repairs were made. This allowance is made at Home Forward’s discretion, and in cases where all deficiencies are minor items as determined by an approved list maintained by Home Forward.

Allowing a landlord to self-certify a minor repair is left to each individual inspector’s discretion, and inspectors remain cautious and thoughtful about when the option is best utilized. Because of this, the activity has not yet produced the level of savings hoped for. However, the inspections supervisor continues to work with inspectors on identifying situations where the strategy can be employed to save additional staff time. Home Forward believes this activity is still an effective strategy for saving time and money.

Changes or modifications:

We are not anticipating any changes to this activity.

<td>FY2015: 0%</td>
<td>FY2022: Less than 3%</td>
<td>Less than 3%</td>
</tr>
</tbody>
</table>

MTW Flexibility:

This activity uses alternate criteria, in the form of an owner’s written certification, to verify minor repairs in a unit that failed its initial or biennial HQS inspection as a result of four or fewer minor deficiencies. This policy increases efficiency, and saves the agency the cost of these re-inspections.
08 Inspections and Rent Reasonableness at Home Forward-Owned Properties

Approved FY2013, Implemented FY2013

Home Forward owns over 5,000 units of affordable housing in Multnomah County. Many of these units have project-based Section 8 vouchers attached, and additional units are rented to families that are utilizing tenant-based Section 8 vouchers. In cases where a voucher holder is renting a unit we own, Home Forward utilizes our own staff to perform inspections and determine rent reasonableness.

In cases where Home Forward both owns and manages the unit, we hire a third party to conduct quality control inspections and rent reasonableness testing at a sample of these units. This ensures standards are being met while mitigating any conflict of interest. Since the implementation of this activity, 100% of quality control inspections reported the same result as the Home Forward inspection, and no problems have been identified with rent reasonableness.

Changes or modifications:

We are not anticipating any changes to this activity.

</tr>
</tbody>
</table>

MTW Flexibility:

Home Forward uses MTW authority to set rent reasonableness and inspect units we own, in place of contracting with a third party to do so. This results in cost savings for the agency.

MTW authorization:
Attachment C, Section D(5) – Ability to Certify Housing Quality Standards
Attachment C, Section D(2)(c) – Rent Policies and Term Limits

Statutory objective:
Reduce cost and achieve greater cost effectiveness in Federal expenditures
09 Measures to Improve the Rate of Voucher Holders Who Successfully Lease-Up

Approved FY2010, Implemented FY2010

Since 2010, Home Forward has implemented a variety of measures to improve landlord acceptance of Housing Choice Vouchers in our community and improve the ability of voucher holders to successfully lease up. Based on much of Home Forward’s work, the Oregon State Legislature passed HB2639 in July 2014. The legislation prohibits landlords from refusing rental applications of voucher holders only because they have a voucher and offers landlords access to a state-managed Landlord Guarantee Fund if a voucher holder vacates a unit and leaves financial damages, such as property damage, unpaid rent, or fees.

In addition, Home Forward has initiatives focused on improving landlord participation and the leasing success of voucher holders:

**Vacancy Loss Payment** – We provide vacancy loss payment to owners through the end of the month after the move-out month when vacancies are unforeseen or unexpected (such as a death or an unannounced move-out) and the owners have not received proper notice of the intent to vacate.

**Landlord Incentive Payment** – Since July 2014, the Landlord Incentive Payment focuses on new landlords. Home Forward makes a one-time payment of $200 to new landlords, defined as those who have not worked in partnership with us for the past two years. At the time of receiving payment, landlords are also given the opportunity to complete a survey to provide feedback on their experience and Home Forward’s lease-up process.

**Tenant Education Class** – Since May 2016, Home Forward contracts with the Community Alliance of Tenants (CAT) to teach a tenant education class to voucher holders. Class graduates have access to up to $200 to help with a security deposit in their housing search.

Despite these initiatives, leasing success rates have fallen as a result of an extremely tight rental market, rapidly rising rents and an overall lack of affordable units. Even with the above measures in place and the new legislation requiring landlords to accept Housing Choice Vouchers, leasing success rates have fallen below our 2009 baseline. In an attempt to keep pace with the market and ensure neighborhood choice for voucher holders, Home Forward increased payment standards most recently in December 2020.

In addition to the initiatives listed above, Home Forward began two new programs in FY2017, using single-fund flexibility, to help voucher holders lease up:

**Security and Success Loan Program** – This is a partnership between Home Forward and Innovative Changes, a non-profit community-based lender, to offer low-interest loans for moving costs to voucher holders with a household income of at least 30% of the Area Median Income (AMI). With a qualifying income, a voucher holder can borrow up to $1,200 to help with deposits, fees, and other moving costs. The program offers affordable monthly payments, extra incentives for financial education, and the opportunity for a household to build a positive credit history.

**Housing Search Advocates** – This program is a partnership between Home Forward and two community partners, Human Solutions, Inc. and Transition Projects, Inc., who work with people experiencing low-incomes and
homelessness. Three Housing Search Advocate positions have been funded at the organizations to help voucher holders lease up. If a voucher holder has not leased up within 90 days of receiving their voucher or have been identified by HCV staff as experiencing high barriers, they are referred to the Housing Search Advocates for additional support in their housing search.

We have continued with a variety of policy changes (which do not require MTW flexibility) to make the voucher program more appealing to landlords since the passage of HB2639. These include:

- Allowing flexible lease terms based on an individual landlord’s standard practice (including month-to-month)
- Accepting electronic Requests for Tenancy Approval from landlords to speed the process
- Posting tools for landlords on our website so landlords can assess whether their unit is likely to pass rent reasonable and affordability tests

In addition to the initiatives and new changes above, we continue to support voucher holders with an improved program orientation, with an increased focus on housing search, and utilizing the higher payment standards in opportunity neighborhoods in hopes of helping voucher holders be better prepared for their housing search.

Changes or modifications:

We are not anticipating any changes to this activity. We will continue to evaluate both the lease-up rate and rental market data to determine if the current payment standards remain adequate or adjustments need to be made.

MTW Flexibility:

Home Forward has made changes to operational policies and procedures and funds these activities through our single-fund budget flexibility. This activity works to increase landlord participation in the program, and therefore, increase housing choice for low-income households.
10 Local Project-Based Voucher Program

Approved FY2012, Implemented FY2012

Home Forward has created a project-based voucher (PBV) program tailored to meet the needs of the local community. We currently administer over 2,000 PBVs in the community via more than 87 separate contracts. The program continues to represent our focus on coordinating with jurisdictional partners and enhancing the supply of permanent supportive housing for households with barriers to housing.

In FY2015, Home Forward changed the operating subsidy at four of our high-rise buildings from public housing to project-based Section 8 funding, as part of our preservation strategy to renovate ten buildings. These four buildings accounted for 654 units, and serve seniors and persons with disabilities. The flexibility to place project-based vouchers at these buildings, as well as in other buildings through service provider and jurisdictional partnerships, ensures that affordable housing remains available to some of the most vulnerable households in our community.

The objective of the project-based voucher program is to provide housing certainty for low-income, high-barrier households who would be unlikely to succeed with a tenant-based voucher. With that in mind, we are focusing project-based vouchers on buildings with on-site services, ideally in opportunity areas, offering tenants affordable rents and access to community resources. Many of the original project-based voucher contracts have expired over the past year, and Home Forward has made it our policy to offer renewals only to owners who have agreed to set waiting list preferences for one or more vulnerable populations, and to make services available to those households. This will result in all project-based voucher buildings offering affordable housing with services to those most in need as contracts are renewed.

In the 2017 fiscal year (4/1/2016-3/31/2017), Home Forward received approval from their Board of Commissioners to set aside 500 vouchers from the Housing Choice Voucher pool to be assigned as Project Based Vouchers over the course of three to five years. Home Forward used two methods by which to assign these vouchers. First we issued our own Request for Proposals (RFP) in the winter of 2015 and allocated over 200 vouchers in the initial Request for Proposals. Awards were made to 12 individual projects across Multnomah County. Secondly, we committed another 100 vouchers in the Fall 2015 Portland Housing Bureau Notice of Funding Availability (NOFA). Through this process four individual projects were awarded the 100 vouchers. All in areas of high opportunity and low poverty census tracks.

In our 2019 fiscal year we have 130 vouchers yet to be assigned. Home Forward will continue on the current path as noted above and outlined in the Section 8 Administrative Plan to make the remaining awards until we exhaust the 500 voucher commitment made by the board of commissioners.

Home Forward has modified owner proposal selection procedures for PBV units in order to increase Permanent Supportive Housing in our community by awarding PBV units via a local competitive process in collaboration with the City of Portland and Multnomah County. This local process includes issuing a Notice of Funding Availability and accepting proposals from housing developers and owners across the County. This effort ensures that PBVs are aligned with capital and services funding made available from our jurisdictional partners.
The local competitive process may be waived and PBVs may be awarded based on a formal approval and resolution process by Home Forward’s Board of Commissioners when the property is owned directly or indirectly by Home Forward, subject to HUD’s requirements regarding subsidy layering. The owned units would not be subject to any required assessments for voluntary conversion.

**MTW Flexibility:**

The PBV program increases housing choice and affirmatively furthers fair housing by preserving existing affordable housing and focusing on the needs of populations that tend to be less successful in the tenant-based program, including participants with disabilities, extremely low incomes, or backgrounds that may create high barriers to housing. Most of the PBV buildings offer services for specific populations, which help households not only to obtain suitable housing, but also to access additional services that give the household stability in the community. Below is a list of the ways Home Forward utilizes MTW authority for the local PBV program:

Home Forward exceeds the traditional 25% limit of PBVs in a single building, and allows project-based vouchers to be awarded to more than 25% of units in a given complex.

Home Forward has modified waitlist policies to allow each PBV building to maintain its own site-based waiting list with its own preferences. It would not be practical or cost effective for Home Forward to manage so many separate PBV waiting lists with separate preferences. Multiple waitlists also ensure that there are almost always open waitlists at any point in time.

Home Forward does not provide a preference on the tenant-based waiting list for PBV residents, and requires PBV residents to apply for and remain on the tenant-based waitlist in order to transfer to a tenant-based voucher unit.

Home Forward modifies screening and eligibility requirements to differ from the traditional criteria at certain PBV properties which offer supportive services, therefore increasing housing choice for participants who might otherwise be ineligible for Section 8 housing. Home Forward determines an applicant’s eligibility for a specific PBV property based on the capacity of the service provider who owns or contracts to manage the property.

Home Forward has modified owner proposal selection procedures for PBV units in order to increase Permanent Supportive Housing in our community by awarding PBV units via a local competitive process in collaboration with the City of Portland and Multnomah County. This local process includes issuing a Notice of Funding Availability and accepting proposals from housing developers and owners across the County. This effort ensures that PBVs are aligned with capital and services funding made available from our jurisdictional partners.

The local competitive process may be waived and PBVs may be awarded based on a formal approval and resolution process by Home Forward’s Board of Commissioners when the property is owned directly or indirectly by Home Forward, subject to HUD’s requirements regarding subsidy layering. The owned units would not be subject to any required assessments for voluntary conversion.

Home Forward has adopted the local city and county site selection standards for PBV units in order to ensure alignment with jurisdictional partners in regards to site selection for low-income housing aimed at ending
Home Forward MTW Plan  Fiscal Year 2022

homelessness. Site selection standards are designed to deconcentrate poverty and expand housing and economic opportunities in census tracts with poverty concentrations of 20% or less.

Home Forward has modified subsidy standards regarding under- and over-housing in order to ensure full utilization of PBV units. Subsidy standards are the same for PBVs as those used for tenant-based vouchers, but exceptions are granted when there are no appropriately sized households on the waiting list to fill a vacant unit.

Home Forward has modified lease terms, renewal options, and termination policies to limit owners’ ability to terminate tenancy without cause, maximizing housing choice for the families in those units. After the initial term, PBV leases convert to a month-to-month agreement unless owners and tenants agree to a longer term, and owners may not refuse to renew leases without cause. Owners of PBV units may not terminate tenancy without cause, except as follows:

- The owner of a PBV unit may terminate tenancy for a family if Home Forward terminates the family’s assistance for any reason in order to ensure that another low-income applicant can be served. However, instead of terminating tenancy, the owner may request Home Forward’s approval to amend the PBV contract to remove a unit occupied by a zero subsidy family or amend the PBV contract to substitute a different unit with the same number of bedrooms in the same building.

Home Forward modified the way contract rents are determined for PBV units by limiting PBV contract rents to a maximum of the payment standard less any applicable tenant paid utility allowance, ensuring that PBV units are affordable even to zero-income households.

Home Forward adapted the timing of applying payment standard adjustments for PBV participants. Any increase in payment standards to the PBV units is applied on the next anniversary date of the PBV Housing Assistance Payments Contract, following the effective date of the increase. Any decrease in payment standards to the unit is applied beginning on the second anniversary date of the PBV Housing Assistance Payments Contract following the effective date of the decrease. Home Forward also applies any changes to the utility allowances at the same time as the payment standard adjustments.

Home Forward uses an alternate rent setting policy that allows the Rent Assistance Director, with Board approval, to set exception payment standards that are greater than 110% (up to a maximum of 150%) of Fair Market Rents for service-enriched buildings without requesting HUD approval. The payment standard granted applies to any unit under the project-based voucher contract serving a highly vulnerable population with intensive services. Data is required of the owner to verify the value of the services being provided, and this cost will not be included when conducting rent reasonableness tests.

Home Forward uses an alternate rent setting policy that allows the Rent Assistance Director to set exception payment standards up to a maximum of 160% of Fair Market Rents (pursuant to Activity 13 “Broaden Range of Approved Payment Standards”) for Home Forward-owned units that utilize Rental Assistance Demonstration (RAD) PBVs or special purpose voucher PBVs, without requesting HUD approval. This authority enables Home Forward to maximize the ability to leverage private investments in support of Home Forward’s affordable housing development and rehabilitation to address the ongoing affordable housing supply crisis.

Home Forward allows Home Forward staff to conduct inspections, set rents and determine rent reasonableness for Home Forward-owned units that utilize PBVs. When Home Forward both owns and manages the unit, it hires a third party to conduct quality control testing of inspections and rent reasonableness determinations for a sample of these units. This activity is also described under Activity 08: Inspection and Rent Reasonableness at Home Forward-Owned Units.

Home Forward has eliminated the cap limiting project-basing to up to 20% of the amount of budget authority allocated to the agency by HUD in the voucher program.
11 Align Utility Allowance Adjustment Procedures

Approved FY2011, Implemented FY2011

MTW authorization:
Attachment C, Section C(11) – Rent Policies and Term Limits

Statutory objective:
Reduce cost and achieve greater cost effectiveness in Federal expenditures.

In our FY2011 MTW Plan, Home Forward received approval to align the public housing process for calculating and implementing utility allowance adjustments with that of Section 8. Previously, the public housing utility allowance process required Home Forward to conduct engineering surveys to determine energy consumption, which was cumbersome and costly. Additionally, public housing protocol required that a re-certification be completed for each resident when there were adjustments to the utility allowance.

Aligning the utility allowance adjustment process with that of Section 8 allows public housing to adopt the methodology of using HUD’s standard calculation, which is based on the type of utility and type of building. As in the Section 8 program, public housing staff will review the utility allowance adjustments annually, with the adjustment going into effect at the resident’s next regular review.

Changes or modifications:

We are not anticipating any changes to this activity.

MTW Flexibility:

The standard public housing utility allowance process requires engineering surveys to determine energy consumption, and that a re-certification be completed for each resident when there is a utility allowance adjustment. Our MTW flexibility allows us to align the public housing process with that of Section 8, resulting in agency cost and staff time savings.
13 Broaden Range of Approved Payment Standards

Approved FY2015, Implemented FY2015, Amended FY2017

Regulations require that payment standards are set between 90% and 110% of Fair Market Rents (FMR), as defined by HUD for a Housing Authority’s jurisdiction. Home Forward serves all of Multnomah County, a large geographic area with rents that differ throughout several submarkets, i.e. downtown Portland and East County, which is more rural. When the rental market conditions tighten, it is not uncommon for 110% of Fair Market Rent to fall short of what is needed to rent a quality unit in large, and often higher opportunity, areas of Multnomah County. In addition, payment standards that are too high in particular neighborhoods can create concentrations of poverty.

In order to ensure that payment standards are sufficient to allow Housing Choice Voucher participants reasonable choice in neighborhoods, Home Forward has used MTW authority to broaden its “base range” for payment standards to between 80% and 160% of the Fair Market Rents without prior HUD approval. (In FY2015, Home Forward received authorization to set payment standards between 80% and 120% of Fair Market Rents. In FY2017, Home Forward received authorization to broaden that range between 80% and 160% of Fair Market Rents.)

Home Forward uses the following parameters to establish payment standards:

Payment standards are broken down by nine separate neighborhoods as defined by ZIP codes. Each of these neighborhood payment standards is broken down by bedroom size.

Payment standards are set at the market rate.

Because data shows that market rents are significantly different for three-bedroom apartments and three-bedroom single-family homes and duplexes, Home Forward has established separate payment standards for the two housing types with three bedrooms.

In response to a FMR study commissioned by the local metro-area housing authorities, on February 3, 2016, HUD adopted revised FMRs for the Portland-Vancouver-Hillsboro, OR-WA, HUD Metropolitan Statistical Area (MSA). In March 2016, utilizing these new and substantially increased FMRs together with our existing authority, at the time, to set payment standards up to 120% of FMR. Home Forward’s Board of Commissioners adopted new payment standards to be effective December 1, 2020.

Despite the latest payment standard update, our December 1, 2020 payment standards for studio, 1-bedroom, or 2-bedroom apartments are not below 90% of actual market rate in any of the nine payment standard areas. The following table illustrates the shortfall in studios, one-bedrooms and two-bedrooms throughout the county:
We will always need to balance the opportunity created with higher payment standards with the increased per family costs associated with higher payment standards. Higher payment standards can put limits on our ability to respond to the overwhelming need in our community, but given the nature of the rental market in Multnomah County, the flexibility to set payment standards up to 160% of FMR may be necessary to create reasonable choice for participant families, particularly in low-poverty, high-opportunity areas. We anticipate revising payment standards in FY2019, and depending on updated market survey data, utilization levels, and lease-up success, we may implement payment standards above 120% in some areas.

Home Forward has also been authorized to approve Exception Payment Standards up to 160% of Fair Market Rents in low-poverty areas or as a reasonable accommodation for a family that includes a person with disabilities.

Home Forward participants are on biennial and triennial recertification schedules, per Activity 01 Rent Reform. Because of this, there is sometimes a delay of several months or even years before the increased payment standard is applied to a participant’s rent calculation. In the meantime, those participants may be experiencing a larger shelter burden as their landlords increase rent without the accompanying increase in payment standards. To address this delay, Home Forward has been authorized to apply updated payment standards at a participant’s interim review.

**MTW Flexibility:**

Home Forward uses our MTW authority to expand the range for which Home Forward may set payment standards across the various submarkets of Multnomah County to between 80% and 160% of HUD-established Fair Market Rents, and to allow for exception payment standards up to 160% of Fair Market Rents, without HUD approval. This ensures that payment standards are sufficient to allow all families, including those that need a reasonable accommodation, to choose to rent units in all nine of the defined areas in Multnomah County (so long as Housing Choice Voucher funding is sufficient to permit this). Home Forward may also choose to reduce payment standards in areas with lower market rents. Home Forward may apply updated payment standards at a participant’s interim review.
14 Program Based Assistance

Approved FY2015, Implemented FY2015

The need for rental assistance in Multnomah County far outstrips the supply. When Home Forward opened the Section 8 waiting list in 2016 for the first time in 4 years, over 16,000 households applied for 3,000 waiting list slots.

In an attempt to increase the number of households served over a given period of time, Home Forward has designed Program Based Assistance. This local, non-traditional rent assistance program offers rent assistance, paired with services, to help families access and/or retain stable housing. While the Housing Choice Voucher and public housing programs provide permanent subsidies in order to ensure long-term affordability for low-income families, the focus of Program Based Assistance is helping families and households achieve stability. These households may remain rent-burdened, but with services available to help families address other challenges in their lives, many will be able to avoid homelessness and remain permanently housed.

To administer Program Based Assistance, Home Forward sets aside a pool of flexible rent assistance funds to serve targeted populations, in partnership with one or more local service providers who ensure that the households have access to the supportive services or resources they need to be stable and successful. Target populations for Program Based Assistance are households for whom: 1) success on the Section 8 Housing Choice Voucher program would be unlikely; 2) the delay in accessing rent assistance due to the Section 8 waitlist would most likely have devastating results (recidivism, relapse, death, homelessness, etc.); 3) the need for rental subsidy is short term while the client is receiving the support needed to stabilize in permanent housing; or 4) the household is representative of populations that experience disparities revealed in recent Point in Time counts or other surveys of homelessness and housing insecurity. Examples of target populations include families who are homeless or at risk of homelessness, families with children attending Alder Elementary School (which has one of the highest mobility rates in the County and was adopted by the I Have a Dream Foundation in order to improve outcomes), former foster youth, or households representing those experiencing homelessness and housing insecurity disparities.

Program Based Assistance partners work with Home Forward to set program policies that are specific to the target population they are serving. Home Forward ensures that policies are clear, equitably managed, and in compliance with Fair Housing laws. All programs have common elements which include:

Uses of Funds: Rental Assistance funds may be used for rent assistance, rent arrears with a current landlord, move-in fees and deposits, utility assistance and arrears, motel vouchers if housing is identified but not immediately available, and documented debt to a past landlord (other than a public housing authority).

Eligibility: Eligibility for Program Based Assistance is as low barrier as possible in order to provide housing access for hard-to-serve households. The only limitations on eligibility are: 1) the household must include at least one person who is a U.S. citizen, U.S. national, or noncitizen with eligible immigration status; 2) the household may not include any member who is subject to lifetime registration as a sex offender or has been convicted of production/ manufacture of methamphetamine on premises of federally assisted housing; 3) no one in the household may owe Home Forward money; and 4) annual gross income cannot exceed 50% of area median income.

Subsidy Determination Method: Each partner is required to write clear policies and procedures for how subsidy amount and duration will be determined. These policies must be applied to all participants in that partner’s program.
Service Requirements: Home Forward makes these funds available to target populations in partnership with one or more partners who are experts in providing the supports families may need to remain stably housed and move towards a stable, permanent housing situation. Therefore, partner agencies are required to make services available to all families accessing Program Based Assistance. Partner agencies will also have the discretion to discontinue rental assistance to households who violate their program policies or fail to engage in services after repeated attempts at engagement.

Changes or modifications:

We broadened eligibility for participation in this activity to allow Home Forward to provide assistance that addresses disparities revealed in recent Point in Time counts or other surveys of homelessness and housing insecurity. Adjusted expected metrics are included below. We are not anticipating any structural changes to this activity. However, benchmarks are decreased; the disparity between per-unit Housing Coice Voucher funding and expenses means Home Forward has reduced the ability to fund program based assistance.

Home Forward tracks this information through a combination of our YARDI database system, reporting by partner agencies, and the community’s Homeless Management Information System (HMIS) software.
MTW Flexibility:

Home Forward uses MTW flexibility to blend program funds into a single budget used to fund Program Based Assistance. This allows Home Forward to administer a form of non-traditional rent assistance that can target households in crisis and help them reach or maintain housing stability.
15 Tenant-Based Voucher Set Aside Policies

Approved FY2016, Implemented FY2016

Home Forward operates or participates in a number of programs that have been designed to align housing with supportive services in order to ensure success for participating families. These include local non-traditional rent assistance programs, our local project based voucher programs, and the Veterans Affairs Supportive Housing (VASH) program. In all cases, jurisdictional or community partners provide supports for families who access the housing, with target populations including families exiting homelessness, former foster youth, seniors, and people with disabilities.

Home Forward has found that leveraging our housing resources with services from partners often results in better housing stability and success for families with barriers to succeeding with a voucher alone. In addition to the above programs, we have also established a series of limited preferences for tenant-based vouchers. Through these limited preferences, specific community partners refer target populations to Home Forward for housing as they provide services. Among the set aside programs we’ve instituted are:

Home Forward sets aside up to 200 vouchers for families currently served by Multnomah County’s Homeless Family System of Care.

We also set aside up to 50 vouchers for families that include a veteran experiencing homelessness, who are ineligible for HUD-VASH vouchers. These families are referred by and received services from Transition Projects, Inc.

HUD regulations for tenant-based vouchers require a housing authority to select all participants from a waiting list. In order to adhere to regulations, current families served by the two set aside programs are chosen and referred to Home Forward by the community partner, added to the tenant based voucher waiting list, then immediately pulled from the waiting list to be served with the vouchers that are dedicated to the program. This process is inefficient, time-consuming and cumbersome.

Home Forward is proposing to instead model the referral and selection procedures after the existing VASH program. As with VASH, Home Forward will accept referrals from the specified partners and award those households the dedicated vouchers. Written documentation of the referral will be maintained in the tenant file by Home Forward, but Home Forward will not add these households to the waiting list to be immediately selected. This flexibility will increase efficiency and may reduce the number of days a family has to wait between referral and issuance of the voucher.

For each limited preference program, Home Forward will execute a Memorandum of Understanding with the partner specifying:

Number of vouchers set aside for the preference;

Eligibility criteria for the preference;

Criteria for determining how families will be selected and referred to Home Forward by the partner(s);

Type and duration of services the partner(s) will make available to the household; and

MTW authorization:
Attachment C, Section D(4) – Waiting List Policies

Statutory objective:
Reduce cost and achieve greater cost effectiveness in Federal expenditures
Understanding that all referrals must be in writing and include a certification from the partner(s) that the family was selected and referred to Home Forward in accordance with the criteria outlined in the Memorandum of Understanding.

Home Forward will audit partner agencies to ensure that they adhere to selection criteria specified in the Memorandum of Understanding.

The initial lease-up of the current set aside programs Home Forward is complete. However, should they be renewed, Home Forward will shift to the referral system (with no waiting list) for these set aside programs as well.

**Impact on Statutory Objective(s)**

Since households are referred for set aside vouchers by community partners, it is inefficient and duplicative for Home Forward to maintain a waiting list of the families that partners have selected, only to immediately pull those families off the list. Accepting referrals from the partners of the set aside program, who have selected families based on the criteria outlined in the Memorandum of Understanding, will create efficiencies.

16 Affordable Housing General Obligation Bond Project-Based Voucher Allocation

**Approved FY2018, Implemented FY2018**

Home Forward received approval to allocate up to 400 project-based vouchers to support the goals of a $258.4 million Portland Housing General Obligation Bond that was approved by voters in November of 2016. From time to time, local jurisdictions may issue general obligation bonds to acquire, develop and rehabilitate land and/or properties for affordable housing. Home Forward, as a Moving to Work agency, is granted the ability to support such local housing programs. This includes collaborating with local jurisdictions to provide affordable housing and services for low income and/or disabled households in our community.

Given that local jurisdictions may be the only owner of such housing when using general obligation bonds, for this specific financing situation, Home Forward is defining the ballot initiative as a competitive process. Ultimately, the local jurisdiction is competing for the use of vouchers and is seeking authorization from voters. If the voters elect to pass such a ballot measure, it is done so with the public’s knowledge that the sole owner of these properties must be the jurisdiction issuing the bonds. Home Forward will have permission to allocate project-based vouchers to such general obligation bond funded properties to ensure housing opportunities for very-low and extremely low-income families. Home Forward will measure the number of units made available to members of the community through utilization of this designation.

The Portland Housing Bond was designed to increase the affordable housing stock in a community with rapidly rising rents that limit choice for families living with low incomes. One of the location priorities of the Portland Housing Bond’s framework is to prioritize acquiring land for new housing in high opportunity areas with access to education and economic opportunities, among other amenities. The Portland Housing Bond’s framework includes recommendations for services related to “workforce skill development/employment resources and parenting resources, youth engagement and academic assistance” among other resident services’ priorities.

The Portland Housing Bond will create approximately 1,300 permanently affordable units throughout the City of Portland, with 600 designated for households earning 0-30% of the area median incomes. According to the City of Portland, the allocation of up to 400 vouchers to the affordable housing general obligation bond will leverage an additional 200 units of housing for families earning between 0-30% of the area median income, netting a total of 600 units of deeply affordable, permanent housing added to the City of Portland. These permanent units will increase choice across the city for families living with low and extremely low incomes. The vouchers will be allocated over five to seven years as properties are acquired and built. On average, Home Forward anticipates that 57-70 vouchers will be deployed each year.

**Changes or modifications:**

We are not anticipating any changes to this activity.

</tr>
</tbody>
</table>

The Portland Housing Bond anticipates adding 1,300 units of affordable housing over a seven year period. The 400 vouchers will be used to leverage an additional 200 units being available for households earning between 0 and 30% median family income.

Home Forward will measure the number of units made available to members of the community through the City of Portland’s Housing Bond reports to the community. Home Forward will measure the number of units made available to members of the community internally through utilization of this designation.

MTW Flexibility:

Home Forward designates voter-approved affordable housing general obligation bond ballot measures as a competitive process. This is an additional waiver of 24 CFR 983.51. In Oregon, local jurisdictions may issue general obligation bonds. These bonds are secured by tax levies and provide communities with access to debt at favorable interest rates. Unlike other states, however, the Oregon constitution has language that prohibits jurisdictions from raising money to aid parties other than the issuing jurisdiction. In other words, in the State of Oregon, jurisdictions may only use general obligation bonds for capital costs incurred and owned by the issuing jurisdiction. This happens through a popular vote of the citizenry and can leverage 200 additional units of affordable housing made available to the community.
17 Mod Rehab and Mod Rehab SRO Rent Assistance Demonstration Rent Reform

**Approved FY2019, Implemented FY2019**

Home Forward implemented its comprehensive Rent Reform activity in FY2012 (page 21). The Rent Reform activity eliminates deductions from the subsidy calculation, utilizes an alternative percentage calculation for total tenant payment, and implements a tiered subsidy structure for non-elderly, non-disabled (“work-focused”) households.

Home Forward administers project-based rent assistance for 517 units of housing assisted through the U.S. Department of Housing and Urban Development’s Section 8 Moderate Rehabilitation and McKinney Moderate Rehabilitation Single Room Occupancy programs. This housing is a critical component of our community’s housing stock available to people leaving homelessness. Owners of these properties have the opportunity to participate in the U.S. Department of Housing and Urban Development’s Rent Assistance Demonstration (RAD) in order to preserve and improve their properties. Participation in RAD can involve the conversion of a properties existing subsidy contract into a Project Based Voucher contract that may operate under the program requirements of Home Forward’s Local Project Based Voucher MTW activity (page 38). Participants in Home Forward’s Local Project Based Voucher program are subject to Home Forward’s Rent Reform Activity.

While the Rent Reform activity has been successful in meeting its cost savings and self-sufficiency objectives, Home Forward recognizes that the tiered rent structure for work-focused households does not adequately meet the needs of certain households or programs. Specifically, analysis shows that implementing the full Rent Reform activity at our Section 8 Mod Rehab and Mod Rehab SRO properties, which serve significant numbers of households moving out of homelessness, may result in household displacement over time and have a significant effect on these properties’ ability to continue to serve these households. Home Forward instead proposes implementing an alternative rent reform initiative for these properties post-RAD to allow owners to take advantage of the Rent Assistance Demonstration while continuing to serve the same tenant population profile.

The SRO Mod Rehab Rent Reform initiative mirrors our existing previously approved Rent Reform activity but eliminates certain aspects of that activity, such as the tiered rent structure for work-focused households. Specifically the SRO Mod Rehab Rent Reform Activity implements the following policies:

- Eliminates all deductions in rent calculations. To offset the loss in deduction, rent will instead be calculated based on 28.5% of gross income. There is no minimum rent and utility reimbursements are allowed.

- Implements a triennial income re-certification schedule. For our existing Rent Reform activity, Home Forward created a separate “release of information” form to supplement the HUD Form 9886, in order to obtain a release of information that covers the appropriate biennial or triennial review cycle which will be utilized in this activity.

- Requires an interim review for a household that reports a change in family size and has resided in their unit for at least 12 months. Any changes to voucher size, payment standard, and subsidy calculation will be effective 120 days after the interim review.

- Eliminates the earned income disallowance.

- Makes use of actual past income to determine annual income for participant families.
Uses all income sources as currently defined by HUD to determine a household’s assistance, with the following exceptions:

- The value of any asset or the value of any income derived from that asset is not used in the rent calculation, except when the asset makes regular payments (quarterly or more often) to the resident or participant. However, the value of assets or the value of any income derived from assets is used to determine initial eligibility. Home Forward allows households to self-certify assets with a net value of $5,000 or less.

- All earned income of full-time students age 18 and over is excluded from the rent calculation, unless they are the head, co-head or spouse of the household.

- Student financial assistance is considered only for the purpose of determining eligibility. Student financial assistance is not used to determine annual income for rent and subsidy calculation.

- All adoption assistance payments are excluded from the rent calculation.

- Households have the option to not report income that is not used in the rent calculation, such as foster care payments. However, Home Forward will accept income reporting of such sources for use in determining affordability of a unit. Home Forward permits families to rent units where the family share is up to 50% of their gross income.

Changes or Modifications:

Home Forward proposes removing the set subsidy proration amount for mixed-status families. The agency will replace the fixed proration amount with an annual proration set when reviewing agency rents and payment standards based upon funding availability. Depending on funding availability and proceeds at properties owned by Home Forward, the agency will also determine whether to utilize unrestricted local funds in support of this modification.

Recent stability in per-voucher costs, which were previously volatile in the Portland market, have made this proposal feasible. Home Forward does not foresee increasing the proration amount above the current level. Thus, any analysis would review overall agency finances to ensure that sufficient funding is allocated to support the voucher program including the marginal cost increase that could result from a proration change. This would naturally include a review of per-voucher costs which are impacted by adjustments to rents and payment standards. Home Forward would also review the total numbers of impacted households, which is small compared to our broader voucher population. Given the composition of such households, Home Forward would also consider impacts on households with minor children, similar to our consideration of this important population in HUD-supported initiatives including GOALS (Family Self-Sufficiency), Family Unification Program vouchers, school-based programming, and mobility-related activities.

The change is expected to provide Home Forward more flexibility in setting proration rates to support low income households while also being responsive to the agency’s fiscal responsibilities. This activity also brings Home Forward’s practice in line with other agencies that do not set a fixed proration amount for rent-setting approaches.

**Hardship Policy:**

As with our standard Rent Reform activity, households may apply for a hardship review if their total monthly shelter costs exceed 50% of the total monthly income used to determine their rent subsidy. Section 8 participants who choose to rent housing where the total shelter costs exceed 50% of total monthly income at the time of initial lease-up in that unit will not generally qualify for hardship review; however, all households have the right to request a hardship and exceptions may be made. The committee has a menu of remedies to reduce a qualifying household’s burden. There were no hardship requests since implementation in June 2019.

**MTW Flexibility:**

Home Forward is using our rent reform authorizations to eliminate deductions, simplify the rent calculation, change review schedules, and implement other policy adjustments that, as a whole, make up our rent reform activity, as described above. The requested waiver authority will result in cost and time savings for the agency while ensuring the effected properties can continue to their mission of assisting households moving out of homelessness.
18 Transfer of Project-Based Voucher Contract to Support Local Preservation or Development of Affordable Housing

Approved FY2019, Implemented FY2019

Home Forward works closely with local affordable housing owners and developers to preserve and increase the affordable housing stock in the community. For many property owners participating in our Project-Based Voucher (PBV) program, the ability to transfer an existing PBV contract to a new location before its expiration would greatly increase the owner’s ability to expand the number of affordable units in the region. Currently, only a project owner that has completed a RAD conversion may request a contract transfer. Non-RAD PBV Project Owners have no such recourse.

Home Forward believes this situation discourages some property owners from entering a HAP Contract as it limits the property owner’s ability to engage in short- and long-term development and planning. In addition, Home Forward is concerned that with the extreme pressures on Portland’s housing stock, property owners may opt to not renew a HAP Contract, as witnessed in similar tight housing markets. Such a situation would create a significant increase in the number of existing households switching to tenant-based assistance. This increase would tie up valuable staff resources and reduce our ability to help new households off the waiting list. Fiscally, an unanticipated increase in tenant-based vouchers reduces our ability to predict costs and may require us to redirect resources currently allocated to opportunity neighborhoods.

In response, Home Forward created the Transfer of Project-Based Voucher Contract to Support Local Preservation or Development of Affordable Housing activity for all non-RAD PBV property owners. This activity balances the needs to provide a streamlined process for PBV Project Owners with the need to ensure existing households retain their subsidy without impacting our ability to serve new households.

With Home Forward approval, a Project Owner may request a transfer of assistance after 5 years from the effective date of the initial HAP Contract. Home Forward may waive the 5-year requirement for properties for the following reasons:

- The agency or an affiliate holds ownership interest or manages the property;
- A transfer is needed sooner as a result of events such as eminent domain proceedings, natural disasters or unforeseen events; or
- HUD provides approval of a transfer for any other reason.

Home Forward may consider a partial or complete transfer of assistance to a new location if the new location complies with applicable site selection standards. If applicable, any lender and/or investor of the Covered Project must approve the transfer of the assistance. In the event of such transfer, the Project Owner may request, subject to Home Forward consent, that the original Project-Based Voucher Contract be modified or released to reflect such transfer of assistance.

Home Forward will only approve such a request where the following policy goals and technical requirements are met:

- The proposed new development must add or preserve affordable housing in the community;
The proposed new development must otherwise comply with environmental review and subsidy layering review;

Home Forward does not require a competitive process for the proposed new development as the initial PBV allocation removes the need for a subsequent competition. However, the proposed new development must meet all Home Forward’s Site Selection Standards as well as any appropriate laws and regulations.

Tenants residing in subsidized units within the assisted development must be offered the option of retaining a project-based voucher subsidy pursuant to the following guidelines:

- Tenants within the assisted development must be offered the option of moving to a comparable subsidized unit in the new or preserved development upon completion of purchase, rehabilitation, or construction, or to another comparable subsidized unit offered by the Project Owner;

- Comparable units must adhere to all required rules and regulations regarding relocations and tenant moves. Home Forward will prioritize preventing moves to distant geographic areas and/or lower opportunity neighborhoods but believes this ultimate choice should be left to the tenant, as we recognize that they may have circumstances that make some areas more desirable.

- If tenants decline to move, they may remain in the assisted development and the subsidy will remain in place until the subsidized tenant vacates the assisted unit, at which point the project-based voucher subsidy will be converted to the new development and added to the new Project-Based Voucher Contract;

- Because the above requirements protect the ability of tenants to remain in their choice of Project-Based Voucher subsidized units, Choice-Mobility vouchers will not be available for tenants under this proposal as a result of the contract transfer.

Rents and bedroom sizes must remain comparable between the assisted development and the new development to maintain stability in Housing Assistance Payment costs.

In addition to the criteria above, Home Forward retains full discretion to deny a transfer of project-based voucher assistance. The activity applies to all current and future properties under a Project Based Voucher HAP Contract.

**Changes or Modifications to Activity:**

We do not anticipate any changes to this activity.

### MTW Flexibility:

Home Forward is utilizing our MTW flexibilities to give the agency authority to provide a contract transfer option to non-RAD property owners under a PBV contract and require Project Owners requesting a contract transfer to provide the same or better unit upon completion, as described above. The requested waiver authority will increase or preserve the number of affordable housing units in the community and decrease the number of households forced to move due to the contract transfer.
19 Program Transfer Flexibility Bridge

**Approved FY2020, Implemented FY2020**

Under current regulations, whenever an active household transfers from one Home Forward program to another (e.g., from Public Housing to a Housing Choice Voucher), agency staff is required to administer complicated waitlist preferences, assess eligibility, and perform a full certification of eligibility for that household. Depending on when the household’s regular recertification is due, this means staff could be recertifying the household’s continuing program eligibility shortly before or after the certification of eligibility for the new program, resulting in an expensive and unnecessary duplication of efforts. This issue has increased significantly with the agency’s Rental Assistance Demonstration (RAD) efforts, and has impacts on both staff and residents alike.

The new Program Transfer Flexibility Bridge removes the requirement that staff run a full eligibility certification for households transferring between Home Forward MTW programs. Instead, staff will use information from the household’s most recent recertification to determine eligibility. The household will retain their existing anniversary date, but otherwise be subject to all policies regarding income eligibility and recertifications in the new program. This initiative would also align waitlist preferences differently to ensure that program transfers occur more seamlessly without additional administrative burden.

In a sense, this is a temporary activity designed to bridge the time period until Home Forward has converted all public housing to a voucher-based model, at which time all potential transfers will occur within the voucher program. By waiving the need for a full eligibility certification and utilizing existing data, and by aligning waitlists between programs, Home Forward will reduce the staff time and costs of running the same data multiple times within a short period and streamline the transfer process.

**Changes or Modifications to Activity:**

We do not anticipate any changes to this activity.

### Cost Implications

Home Forward anticipates this activity will reduce the administrative and staff time costs of program transfers resulting in an overall savings of $6,007 and 229 staff time hours in the initial year.

### Justification for MTW Flexibility

This activity is authorized under provisions of Attachment C Section C(4) - Initial, Annual, and Interim Review Process (Public Housing), Section D(3) – Eligibility of Participants (HCV), and the Use of Funds Amendment to Attachment D of the Amended and Restated MTW Agreement.
20 Local Inspection Policies

Approved FY2021, Implemented FY2021

Under current regulations (24 CFR 982.405(a), 983.103(d)), public housing authorities are required to inspect the unit not less often than biennially during the term of the Housing Authority Payment (HAP) contract. In the event of a local disaster, emergency, or other situation which affects the health and/or safety of Home Forward participants, residents, staff, and/or the general public, Home Forward may implement certain temporary changes to biennial inspection protocols to ensure continuity of safe operations to the extent possible and practical. This modification was proposed in response to the COVID-19 pandemic, which has created a need for physical and social distancing to protect against the spread of the disease. In compliance with the recommendations of the Centers for Disease Control (CDC), the “Stay Home Stay Safe” Executive Order issued by Oregon Governor Brown, and other guidance from local, state, and federal agencies, Home Forward reduced contact between individuals, including closing offices to the public and reducing the number of employees in the office. As a result, Home Forward foresees that some operations may need to be modified and/or deferred to a later time in response to the COVID-19 pandemic and in response to future local disasters or emergencies to protect the health and safety of Home Forward staff, residents, and participants. The proposed inspection protocols which Home Forward may temporarily implement are:

- Home Forward may extend the validity of a family’s most recently completed biennial HQS inspection by one year.
- The due date of the family’s next biennial HQS inspection would be one year from the original due date, and subsequent inspections would occur on a regular biennial schedule based on the new adjusted biennial due date.
- Home Forward will continue to perform emergency inspections and initial HQS inspections in un-occupied units.

When implemented, these temporary changes will be ended or adjusted as soon as it is safe, feasible, and practical to do so. These changes will be implemented in response to the COVID-19 pandemic, and may be reenacted in the future in response to another local disaster, emergency, or other crisis situation.

</tr>
</tbody>
</table>
Cost Implications

Home Forward anticipates this activity will defer the administrative and staff time costs of inspections resulting in an overall savings of $43,190 and 480 staff time hours in the initial year.

Justification for MTW Flexibility

Under current regulations (24 CFR 982.405(a), 983.103(d)), public housing authorities are required to inspect the unit not less often than biennially during the term of the Housing Authority Payment (HAP) contract. This activity proposes to waive these regulations as outlined above and is authorized under provisions of Attachment C, Section D(5) Ability to Certify Housing Quality Standards and Attachment C, Section D(7)(d): Establishment of an Agency Section 8 Project-Based Program of the Amended and Restated MTW Agreement.
21 Self Certification of Income

Approved FY2021, Implemented FY2021

As evidenced by the COVID-19 public health emergency, there are circumstances during which temporarily accepting self-certification of income is necessary to maintain efficient operations and promote housing stability. Home Forward implemented HUD waivers allowing self-certification of income in response to the COVID-19 public health emergency provided in the current HUD Notice PIH 2020-33(HA) Rev-2 which was preceded by HUD Notices PIH 2020-05, PIH 2020-13, and PIH 2020-33 (HA). In the case that these waivers expire during the COVID-19 pandemic, Home Forward may continue to accept self-certification as the highest form of income verification to process annual and interim reexaminations. Home Forward may also accept self-certification of income as the highest form of income verification to process annual and interim reexaminations in response to future local, State, or National emergencies or disasters that result in significant barriers to households being able to access information from their employer to verify their income. This proposed activity will support the statutory objective: “Reduce cost and achieve greater cost effectiveness in federal expenditures” as demonstrated in the Activity Metric section below. The proposed protocols which Home Forward may temporarily implement in response to the COVID-19 and other local, state, or national emergencies or disasters are:

1) **Annual Re-examination Income Verification (PH and HCV-3):** Home Forward may forgo third-party income verification requirements for annual reexaminations. Home Forward may consider self-certification as the highest form of income verification to process annual reexaminations. This may occur over the telephone (with a contemporaneous written record by a Home Forward staff person), through an email or postal mail with a self-certification form by the tenant, or through other electronic communications. After a period of temporarily using this alternative flexibility, Home Forward will be responsible for addressing any material discrepancies that may arise later. For example, if a tenant self-certified that the tenant lost their job, but later the EIV Income Validation Tool (IVT) shows that the tenant’s employment continued, Home Forward will take enforcement action in accordance with our policies and procedures. While HUD waives the use of EIV (e.g., HUD Notice PIH 2020-33 (HA) Rev-2, Home Forward may also forgo the use of EIV when doing annual re-examination income verification but must resume use of EIV when HUD waivers are no longer in effect.

2) **Interim Re-examinations (PH and HCV-4):** Home Forward may forgo third-party income verification requirements for interim reexaminations. Home Forward may consider self-certification as the highest form of income verification to process interim reexaminations. This may occur over the telephone (with a contemporaneous written record by a Home Forward staff person), through an email with a self-certification form by the family, or through other electronic communications. After a period of temporarily using this alternative flexibility, Home Forward will be responsible for addressing any material discrepancies that may arise later. For example, if a tenant self-certified that the tenant lost their job, but later the EIV Income Validation Tool (IVT) shows that the tenant’s employment continued, Home Forward will take enforcement action in accordance with our policies and procedures. While HUD waives the use of EIV (e.g., HUD Notice PIH 2020-33 (HA) Rev-2, Home Forward may also forgo the use of EIV when doing annual re-examination income verification but must resume use of EIV when HUD waivers are no longer in effect.
Changes or modifications:

We are not anticipating any changes to this activity.

Cost Implications:

Home Forward anticipates cost savings of $31,795 as a result of implementing this activity.

MTW Flexibility: This proposed activity is authorized by MTW flexibility, specifically:

- Attachment C, Section D(3)(b): “The Agency is authorized to adopt and implement any reasonable policy for verifying family income and composition and for determining resident eligibility that differ from the currently mandated program requirements in the 1937 Act and its implementing regulations”; and

- Attachment C, Section C(2): “…the Agency is expressly authorized to adopt a local system of income verification in lieu of the current HUD system. For example, the Agency may implement alternate time frames for validity of verification or adopt policies for verification of income and assets through sources other than those currently allowed under the 1937 Act.”

This activity allows Home Forward to provide efficient service to people earning low-incomes as needed, including during local, state, or national disasters that pose a risk to the health and safety of residents, participants, staff, and the community.
22 Modernizing HCV/PBV Oral Briefings

Approved FY2021, Implemented FY2021

Under 24 Code of Federal Regulations (CFR) 982.301, Public Housing Authorities are required to provide families eligible to participate in the voucher program with an “oral briefing”. During the COVID-19 public health emergency, Home Forward implemented HUD waiver HCV-2 provided in HUD Notice PIH 2020-05, which was extended and superseded by HUD Notice PIH 2020-13 and the current notice, HUD PIH Notice 2020-33(HA) Rev-2, allowing flexibility in how the required oral briefing for HCV and PBV households are conducted. Home Forward proposes conducting required oral briefings for new HCV and PBV households by other means in response to COVID-19 and in the future when necessary to protect the health and safety of participants and staff due to local, state, or national state of emergencies or disasters. Home Forward also proposed to use this flexibility on a case by case basis if an individual or household faces extenuating circumstances that prevent them from coming to an in person oral briefing. In these individual cases, Home Forward will note the extenuating circumstances in the tenant file.

These other means may include: webcast, video call, or expanded information packet. Home Forward will ensure that the method of communication for the briefing effectively communicates with, and allows for equal participation of, each family member, including those with vision, hearing, and other communication-related disabilities, and ensures meaningful access for persons with limited English proficiency.

This proposed activity advances the statutory objective to: “Reduce cost and achieve greater cost effectiveness in federal expenditures” as outlined in the Activity Metrics section below.

Changes or modifications:

We are not anticipating any changes to this activity.

Activity Metrics:

<table>
<thead>
<tr>
<th>Metric</th>

</tr>
</tbody>
</table>

Cost Implications:

Home Forward does not anticipate any cost implications as a result of this proposed activity.

MTW Flexibility:

This proposed activity is authorized by MTW flexibility, specifically:
• Attachment C, Section B(1)(b): “…the Agency can carry out the purposes of the MTW Demonstration Program to provide flexibility in the design and administration of housing assistance to eligible families, to reduce cost and achieve greater cost effectiveness in Federal expenditures…”

• Attachment C, Section B(1)(b)(iii): “The provision of housing or employment-related services or other case management activities, such as housing counseling in connection with rental or homeownership assistance, energy auditing, activities related to the provision of self-sufficiency and other services, employment counseling, education, training and other services related to assisting tenants, owners, contractors, and other persons or entities participating or seeking to participate in other housing or training and educational activities assisted pursuant to this section.”

This activity allows Home Forward to provide efficient service to people earning low-incomes as needed, including during local, state, or national disasters that pose a risk to the health and safety of residents, participants, staff, and the community.
B. Not Yet Implemented Activities

Home Forward does not have any approved activities yet to be implemented.

C. Closed Out Activities

12 Alternative Initial Housing Assistance Policy

Approved FY2015, Never Implemented

Home Forward determined that the administrative costs to manage this activity would offset the proposed savings.

Alternate Rent Calculation for Public Housing Units

Approved FY2011, Implemented FY2022, Closed Out FY2012

This activity was discontinued on April 1, 2012 when our current Rent Reform activity was implemented and the units at those buildings shifted to the Rent Reform calculation.

Limits for Zero-Subsidy Participants

Approved FY2012, Implemented FY2020, Closed out FY2012

This activity was discontinued on April 1, 2012 with the implementation of Rent Reform.

Limiting Portability in Higher Cost Areas

Approved FY2013, Never Implemented

Home Forward determined that the administrative costs to manage this activity would offset the proposed savings.

04 Bud Clark Commons

Approved FY2010, Implemented FY2010, Closed Out FY2014

Home Forward has determined that operations at Bud Clark Commons do not utilize MTW flexibility.

05 Biennial Insections

The FY2014 Appropriations Act allows all housing authorities to conduct inspections on a biennial basis. This activity no longer requires MTW flexibility.
Sources and Uses of MTW Funds

Estimated Sources and Uses of MTW Funds

i. Estimated Sources of MTW Funds
The MTW PHA shall provide the estimated sources and amount of MTW funding by Financial Data Schedule (FDS) line item.

iii. **Description of Planned Use of MTW Single Fund Flexibility**

The MTW PHA shall provide a thorough narrative of planned activities that use only the MTW single fund flexibility. Where possible, the MTW PHA may provide metrics to track the outcomes of these programs and/or activities. Activities that use other MTW authorizations in Attachment C and/or D of the Standard MTW Agreement (or analogous section in a successor MTW Agreement) do not need to be described here, as they are already found in Section (III) or Section (IV) of the Annual MTW Plan. The MTW PHA shall also provide a thorough description of how it plans to use MTW single fund flexibility to direct funding towards specific housing and/or service programs in a way that responds to local needs (that is, at a higher or lower level than would be possible without MTW single fund flexibility).

### PLANNED USE OF MTW SINGLE FUND FLEXIBILITY

**Replacement Housing Factor Funds/Demolition or Disposition Transition Funding**

Home Forward’s efforts to reposition its public housing portfolio can result in a formal disposition approval from HUD and then the sale of the asset. In these instances, Replacement Housing Factor (RHF) or Demolition or Disposition Transitional Funding (DDTF) funds are received by Home Forward as part of the Capital Fund Formula and used to create a new public housing unit. Home Forward utilizes MTW authority to use these RHF or DDTF funds within its single fund flexibility to create new public housing units in a mixed-finance project. In doing so, these funds provide a portion of the total development capital needed for a particular project. Given the development cash flow needs of any particular mixed-finance project, Home Forward may also use these funds to repay construction financing. This would be done without formally pledging the future RHF or DDTF funds to the lender as collateral.

**MTW Initiative Funds**

Home Forward has created MTW Initiative Funds, comprised of MTW reserve funds in their entirety. This is a funding source to support initiatives that will advance the goals and objectives of MTW and Home Forward’s Strategic Operations Plan. Some of these initiatives are aspects of our MTW Activities, described earlier in this Plan.

Listed below are initiatives that only use single-fund flexibility:

- **Action for Prosperity:** Action for Prosperity is a partnership between Home Forward, Worksystems, Inc., the Multnomah County Anti-Poverty system, and the State Department of Human Services. Each system leverages its resources by delivering core services and utilizing the other systems to provide wrap-around supports. With access to stable housing, the appropriate level of case management, and priority access to workforce services, we believe that a significant number of households will be able to develop the skills they need to gain employment within two years. Home Forward contributes rent assistance, in the form of Program Based Assistance, which is contracted to agencies in the Anti-Poverty system who use it to help stabilize families who are engaged in training or employment programming.

- **Families Forward:** Families Forward is the umbrella name for our strategic initiatives designed to help youth attain education success in order to alleviate or exit poverty, and to help adults make economic progress, with the ultimate goal of exiting poverty for those who are able.
For adults, the current priority is to create a single framework for all of the agency’s Economic Opportunity efforts, integrating the following four strategies: collecting information about families through an Employment and Training Interest Inventory; aligning existing self-sufficiency programs into a single program called GOALS, with site-based and non-site based components; facilitating the hiring of low-income (Section 3) residents and participants by Home Forward and contractors; and integrating Action for Prosperity (mentioned above) into Economic Opportunity work. Ultimately, the goals for this initiative include increases in resident/participant earned income, increases in residents’/participants’ contribution to rent, and residents/participants reaching a living wage if they exit housing subsidy.

Youth Initiatives: Home Forward’s youth and education work for the next fiscal year will largely focus on early childhood (children prenatally through age 8) in several key areas: improving school attendance, especially in the early grades; increasing our support of parents with children ages 0-5 to improve school readiness; and aligning our services with key educational and parent support partners to improve parent and child well-being and school readiness. These efforts will be coordinated with local sector partners and collective impact efforts focused on creating a more seamless early childhood system of support and addressing chronic school absence across Multnomah County.

- **Aging at Home Strategies**: Home Forward is developing and implementing initiatives to increase independence and a sense of community at our properties that serve seniors and people with disabilities. We have hired a Health & Support Services Coordinator to assist in the enhancement and development of partnerships and systems alignment with a variety of partners including Aging & Disability Services, Cedar Sinai Park, Care Oregon, Health Share and Family Care, clinics and educational bodies. In addition, we plan to continue administering the Congregate Housing Services Program at five properties and are evaluating expansion of this program and/or implementing certain aspects of this program at other properties.

- **Staff Training**: Home Forward’s current strategic plan (2016-2020) recognizes that how our work is done matters to our community and staff. To strengthen our relationship with the people we serve and with each other, Home Forward continues to re-evaluate best practices and approaches to offer relevant information and training for staff. Training includes Trauma-Informed practice, a recognized model that recognizes the impact trauma can have on people and commits to not repeating traumatic experiences. The goal is to provide staff with knowledge and tools suitable for their position to recognize symptoms of trauma and apply trauma informed awareness in engaging in the work and to support this by creating Trauma-Informed policies and procedures that encourage healing and a sense of safety.

- **Security Deposit Assistance**: Home Forward uses single-fund flexibility to offer security deposit assistance to two populations: participants leasing up with Veterans Affairs Supportive Housing (VASH) vouchers, and former foster youth leasing up with Family Unification Program (FUP) vouchers. For homeless veterans, a lack of funds for security deposits is a serious barrier to successful use of VASH vouchers. Similarly, youth aging out of the foster care system often do not have the resources to pay for security deposits when trying to utilize FUP vouchers. Security deposit assistance is a key support to finding housing for veterans and youth. Home Forward’s funds are to be used only when the service agencies working with these populations are not able to otherwise arrange for deposit assistance.

- **Tenant Education Class and Deposit Assistance**: During FY2016, Home Forward entered into a contract with a community-based tenant advocate organization, the Community Alliance of Tenants (CAT), to teach new and transferring Housing Choice Voucher holders about their rights and responsibilities as tenants. Upon completing the class, voucher holders are given one-time access to $200 in deposit assistance for their housing search. This partnership grew out of concern that in the current competitive rental market, and with the recent changes in Oregon landlord/tenant law, voucher holders needed more education about how to be successful applicants and tenants.

- **Inspection Related Moving Fund**: As described in Activity 12, Home Forward has created a moving assistance fund to assist households in making deposit payments in the unlikely event that a landlord fails to make necessary repairs to their unit after the initial inspection. (Not yet implemented; see Activity 12)

- **Inter-jurisdictional Transfer Program for Survivors of Domestic Violence**: In collaboration with other MTW-authorized housing authorities and the local domestic violence service system, Home Forward has implemented an inter-jurisdictional transfer program to assist participants who are survivors of domestic violence. The program ensures continued access to stable and safe housing when it is deemed necessary that the household move to another jurisdiction to avoid violence that is likely to become lethal or near-lethal. A local domestic violence service provider has assigned two full-time advocates to work on-site with Home Forward participants and residents. The advocates can recommend voucher participants to this transfer program and provide advocacy and assistance with relocation to the new jurisdiction. Clients are connected
with a local domestic violence agency in the new jurisdiction for support after their transfer. Home Forward allocates up to $2,000 per household for relocation costs, for up to five households each year. In addition, Home Forward intends to absorb the vouchers of up to five families referred by partnering MTW agencies.

- **Section 8 Success Fund**: Home Forward is testing two pilot programs in an effort to increase utilization rates and decrease the number of days to lease up for Housing Choice Voucher (HCV) households. The Success Fund is jointly funded by the City of Portland and Home Forward MTW Initiative Funds.
  - Security and Success Loan: HCV households of 30% AMI or more are offered low-interest loans with affordable re-payment terms in order to assist with moving related costs, such as security deposits. Home Forward has partnered with Local Community Development Financial Institution; Innovative Changes is serve as the lender. The loan is also an opportunity for credit building and financial education.
  - Housing Search Advocates: Home Forward contracts with three Housing Search Advocates to provide housing search and placement assistance to HCV households. The Advocates are employed by two non-profits who specialize in housing, Transition Projects Inc. and Human Solutions. Along with case management supports, the Advocates can also provide a limited amount of financial assistance to help reduce barriers to housing such as security deposits, application fees, and transportation for the housing search.

- **Expungement Partnership**: Home Forward is collaborating with Metropolitan Public Defender (MPD), a non-profit legal firm, to provide legal services to assist Home Forward residents, participants, and waitlist households with criminal record expungements along with consultation on any outstanding obligations to the court system. By reducing a barrier to housing and employment that is associated with a criminal background, Home Forward will help residents gain greater housing choice options in our community and ability for increased opportunity for work focused households to obtain employment. Home Forward also plans to see a decrease in administrative costs related to screening denials as an outcome of this project. Home Forward is using MTW Initiative Funds to support this program.

- **Affordable Housing Opportunities**: With incredibly low vacancy rates and a lack of affordable housing, Home Forward is dedicated to preserving and increasing the number of housing units in our community. Home Forward will use MTW Initiative Funds to leverage additional funding for the preservation of existing affordable housing and development of new affordable housing. By using methods such as site acquisition, predevelopment loans, and gap financing, Home Forward is able to invest in projects to expand the availability of housing that is affordable to families at different income levels in our community.

- **Grant shortfalls**: A large share of tenant/resident services are funded from grants and foundations. These funds augment local funds to provide supportive services and self-sufficiency services to residents. In order to optimize available services, any costs not eligible for state and local grants will be funded by single-fund flexibility.

- **Emergency fund**: In the event of an emergency that affects a public housing family’s ability to live safely in their unit, Home Forward has created a fund to help the family temporarily find safe housing in a hotel.

- **Landlord portal**: Home Forward is developing an e-Center which will allow landlords to electronically process a Request for Tenancy Approval, view and schedule inspections, view payment information, and communicate with Home Forward. It is our objective to streamline the entire process and reduce the time required to lease an apartment or home to a voucher holder. Our staff is working with stakeholders to identify critical requirements and to develop a roadmap to deploying a beneficial tool to both our landlords and Home Forward.

- **MTW Operating Reserve**: Home Forward will set aside funds each year, as determined by the Board of Commissioners, towards building an Operating Reserve sufficient for Operating Expenses and Housing Assistance Payments.

### iv. Planned Application of PHA Unspent Operating Fund and HCV Funding

<table>

<td></td>
<td></td>
</tr>
<tr>
<td>PH Operating Subsidy</td>
<td>$11,412,113</td>
<td></td>
</tr>
</tbody>
</table>
Description of Planned Expenditures of Unspent Operating Fund and HCV Funding

Home Forward is combining HCV HAP, Admin Fee and PH Operating Subsidy into one grand total to reflect the fungible nature of the funds as an MTW agency. Home Forward is striving to have a reasonable safe harbor for reserves. This would be equal to approximately one month of Housing Assistance Payments, 4 months of Public Housing Expenses and 4 months of Admin Fee Expenses.

Home Forward anticipates not having to use any previously unspent balances.

* Unspent HAP funding should not include amounts recognized as Special Purpose Vouchers reserves.

** HUD’s approval of the MTW Plan does not extend to a PHA’s planned usage of unspent funds amount entered as an agency’s operating reserve. Such recording is to ensure agencies are actively monitoring unspent funding levels and usage(s) to ensure successful outcomes as per the short- and long-term goals detailed in the Plan.

For HCV funding, the biannual cash management reconciliation for HUD-held reserves includes both HCV and SPV reserves. MTW PHA(s)’ accounting records should include sufficient detail to report on the amount that are HCV versus SPV reserves. Where possible, please identify the planned use, the estimated amount, to which funding source the planned use(s) is attributable, as well as the projected timeline or timeline update.

Note: the information collected in this section is to fulfill MTW programmatic reporting requirements and does not replace the MTW PHA’s obligation to annually complete its audited financial statements through HUD’s Financial Data Schedule.

Local Asset Mangement Plan

i. Is the MTW PHA allocating costs within statute? NO

ii. Is the MTW PHA implementing a local asset management plan (LAMP)? YES

iii. Has the MTW PHA provide a LAMP in the appendix? YES

iv. If the MTW PHA has provided a LAMP in the appendix, please describe any proposed changes to the LAMP in the Plan Year or state that the MTW PHA does not plan to make any changes in the Plan Year.

Home Forward does not plan to make any changes to its Local Asset Management Plan in FY2021.

Rental Assistance Demonstration (RAD) Participation

i. Description of RAD Participation

The MTW PHA shall provide a brief description of its participation in RAD. This description must include the proposed and/or planned number of units to be converted under RAD, under which component the conversion(s) will occur, and approximate timing of major milestones. The MTW PHA should also give the planned/actual submission dates of all RAD Significant Amendments. Dates of any approved RAD Significant Amendments should also be provided.

RENTAL ASSISTANCE DEMONSTRATION (RAD) PARTICIPATION
Additional detail about Home Forward’s RAD conversion can be found in Attachment R
Has the MTW PHA submitted a RAD Significant Amendment in the appendix? A RAD Significant Amendment should only be included if it is a new or amended version that requires HUD approval.

NO

If the MTW PHA has provided a RAD Significant Amendment in the appendix, please state whether it is the first RAD Significant Amendment submitted or describe any proposed changes from the prior RAD Significant Amendment?

Appendix A

Local Asset Management Plan

Home Forward Asset Management Program

The First Amendment to the Amended and Restated Moving to Work (MTW) Agreement allows Home Forward to develop a local asset management program for its Public Housing Program. The following describes Home Forward’s asset management program and identifies where differences exist from HUD's asset management guidance.

Home Forward’s Local Asset Management Program

Home Forward operates a property/project-based management, budgeting, accounting, and reporting system. Our project-based management systems include:

Annual budgets are developed by on-site property managers. These budgets are reviewed and further consolidated into portfolio level budgets managed by housing program managers.

Budgets at the property level are provided an allocation of public housing operating subsidy based on factors which differentiate subsidy based on building age, type, size, and relative poverty of the population of the various public housing properties.

Weekly monitoring of occupancy by property, including notices, vacancies, and applicants, is published to the Public Housing management and Executive management.

Monthly property-based financial reports comparing month-to-date and year-to-date actual to budget performance for the current year are provided to site managers, portfolio managers, and the Director of Property Management. These reports are available to other management staff as needed to monitor specific properties.

- Monthly reviews are held at the property level with Site Managers and their portfolio management.
- Quarterly reviews of the Public Housing portfolio in its entirety are held at the division level with Property Management Director and Regional Property Managers, as well as the Chief Operating Officer and Chief Financial Officer. This review covers each property Net Operating Income and Cash Flow.

Home Forward applies the same project/program based budgeting system and financial performance review to its Housing Choice Voucher program, local MTW programs, and non-federal programs and properties.

Home Forward’s Cost Objectives

OMB Circular A-87 defines cost objective as follows: Cost objective means a function, organizational subdivision, contract, grant, or other activity for which cost data are needed and for which costs are incurred. The Cost Objectives for Home Forward’s asset management program are the organizational subdivisions:
Public Housing properties - includes resident services and management staff directly supporting this program

Rent Assistance programs - includes management staff directly supporting this program and Family Self Sufficiency staff (including those supporting Public Housing residents)

Moving to Work - includes activities related to our MTW agreement and local programs

Affordable Housing Development

Home Forward’s Treatment of Certain Costs

Under OMB Circular A-87, there is no universal rule for classifying certain costs as either direct or indirect under every accounting system. A cost may be direct with respect to some specific service or function, but indirect with respect to the Federal award or other final cost objective. Therefore, it is essential that each item of cost be treated consistently in like circumstances, either as a direct or an indirect cost. Consistent with OMB Circular A-87 cost principles, Home Forward has identified all of its direct costs and segregated all its costs into pools, as either a direct, direct allocated, or indirect allocated. We have further divided the indirect allocated pool to assign costs based on a relevant metric, as described in Attachment 1.

CORE Maintenance: Home Forward is committed to a cost effective approach to managing our public housing assets. As such, Home Forward has developed a balance of on-site capacity to perform property manager functions and basic maintenance/handyperson services, with more skilled services performed by a centralized group of trades and specialty staff (CORE maintenance). CORE maintenance performs services covering plumbing and electrical repairs, painting and pest control, as well as garbage and recycling. Although these maintenance functions are performed centrally, the decisions and control remains at the property level as it is the property manager and/or housing program manager who determines the level of service required from the CORE maintenance group. All services are provided on a fee for service basis.

Procurement: Home Forward has adopted procurement policies that balance the need for expedient and on-site response through delegated authorization to site staff for purchases under $5,000. Purchases greater than this limit requires engaging central procurement. The Procurement staff are well trained in the special requirements of procuring goods and services for a federal program and provides necessary contract reporting requirements as well. Central procurement services are part of Home Forward’s indirect overhead allocation.

Human Resources: Along with the public housing program and its Section 8 voucher program, Home Forward has non-federal affordable properties, a development group, and locally funded rent assistance programs. Home Forward’s Human Resources department serves the entire agency and certain human resource activities that HUD would consider a direct cost, such as recruitment and pre-employment drug testing and screening, are centralized and are part of Home Forward’s indirect overhead allocation. Home Forward has determined that the cost of keeping extremely detailed records of HR activity for direct cost assignment exceeds the value received from such effort.

Information Technology: Hardware and software costs will be directly charged to the appropriate cost objective when such costs are available and specific to that cost objective. When a reasonable measurement of such IT costs can be obtained, an allocation based on the number of users (computers, software applications, etc.) will be utilized to directly charge the cost objective.

Resident Services: A large share of tenant/resident services are funded from grants and foundations and these funds augment local funds to provide supportive services and self-sufficiency services to residents. In order to optimize
available services, any costs not eligible for state and local grants will be funded by Home Forward’s public housing properties and housing choice voucher program.

Rent: Home Forward charges rent to each cost objective based on the space they occupy in our central office building. Rent is based on estimated costs and adjusted for actual costs at year-end.

**Home Forward’s Treatment of Public Housing Operating Subsidy**

Home Forward’s flexibility to use MTW funding resources to support its low-income housing programs is central to our Asset Management Program. Home Forward will exercise our contractual authority to move our MTW funds and project cash flow among projects and programs as the Authority deems necessary to further our mission and preserve our low income housing assets and local programs.

**Home Forward’s Indirect Cost Allocations**

Costs that can specifically and efficiently be identified to a cost objective are counted as direct costs to that objective. Costs that cannot be readily or efficiently identified as specifically benefiting a cost objective will be considered indirect and allocated. The Home Forward Allocation Process – Process Flow Diagram shown at the end of this policy is a graphic representation of Home Forward’s allocation methodology. Home Forward has determined that some costs, defined as “direct costs” by HUD for asset management, require effort disproportionate to the results achieved and have included those costs as part of the indirect cost pool allocated to cost objectives as overhead.

**Home Forward Indirect Costs**

OMB Circular A-87 defines indirect costs as those (a) incurred for a common or joint purpose benefiting more than one cost objective, and (b) not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved. Home Forward’s indirect costs include, but are not limited to:

- Executive
- Policy & Planning
- Accounting & Finance
- Purchasing
- Human Resources, including job applicant screening, payroll, labor negotiations & organization wide training
- Information Technology: costs not specifically identified and charged as a direct expense to a cost objective

**Differences – HUD Asset Management vs. Home Forward Local Asset Management Program**

Home Forward is required to describe in the MTW Annual Plan differences between our asset management program and HUD’s asset management program as described in HUD’s Financial Management Guidebook. Below are several key differences:

HUD’s asset management system and fee for service is limited in focusing only on a fee for service at the Public Housing (PH) property level and voucher program. Home Forward has implemented an indirect allocation methodology that is much more comprehensive than HUD’s asset management system which includes all of Home Forward’s cost objectives listed above.

Home Forward has defined the treatment of direct and indirect costs differently than HUD’s asset management program. From the agency perspective, we view the program operations management as direct costs of the program.
These differences include, but are not limited to:

- **HUD Indirect/Home Forward Direct:**
  - Portfolio and program ("regional") management, including hiring, supervision and termination of frontline staff is considered a direct cost. These costs are pooled and then allocated to each property based on units, vouchers, or other relevant metrics. Work with auditors and audit preparation by HCV and PH staff is considered a direct expense. Executive management is considered an indirect cost.
  - Storage of HCV and PH records and adherence to federal and/or state records retention requirements will be considered a direct cost of the program.
  - Development and oversight of office furniture, equipment and vehicle replacement plans will be considered a direct cost of the program.
  - Advertising (notification) costs specific to HCV, including applicants and landlords, will be considered a direct expense.

- **HUD Direct/Home Forward Indirect:**
  - Advertising for new hires will be considered indirect and allocated to the program and properties.
  - Staff recruiting and background checks, etc. will be considered indirect and allocated to the program and properties.

- **Other:**
  - Using MTW authority to improve efficiencies across programs, all staff associated with the Family Self Sufficiency program, regardless of serving public housing or housing choice voucher residents, will be considered a direct cost of the housing choice voucher program and managed by the HCV management.
  - Preparation and submission of HCV and public housing program budgets, financial reports, etc. to HUD and others will be either direct or indirect, depending on the department from which the reports are prepared. If prepared by program staff, costs will be considered direct. If prepared by administrative department staff, costs will be considered indirect and allocated to the program and properties.
  - Investment and reporting on HCV proceeds will be either direct or indirect, depending on the department from which the reports are prepared. If prepared by program staff, costs will be considered direct. If prepared by administrative department staff, costs will be considered indirect and allocated to the program and properties.

HUD’s rules limit the transfer of cash flow between projects, programs, and business activities. Home Forward intends to fully use its MTW resources and flexibility to move project cash flow among projects as locally determined and use MTW funding flexibility to provide additional funding to public housing properties when appropriate and necessary to provide for and preserve our public housing assets.

HUD’s rules provide that maintenance staff be maintained at the property level. Home Forward’s asset management program reflects a cost-effective balance of on-site and central maintenance services for repairs, unit turnover, landscaping, and asset preservation work.
HUD’s rules provide that purchasing is performed at the property level. Home Forward’s asset management program reflects a cost-effective balance of on-site and central purchasing, depending on the total cost of procurement and complexity of applicable procurement laws and reporting requirements.

HUD intends certain property management activities to be at the property level. Home Forward has centralized selected property management functions, including but not limited to denial hearings, occupancy management, transfers, reasonable accommodations, auditing, training, compliance, and some waitlist management, and will allocate these costs as a direct expense to the properties based on a relevant metric such as units.

Home Forward employs its own development staff. Any work on Public Housing Capital projects will be subject to a cost recovery fee paid from the capital fund to cover costs of development staff engaged in such capital projects.

**Balance Sheet Accounts**

Most balance sheet accounts will be reported in compliance with HUD’s Asset Management Requirements and some will deviate from HUD’s requirements, as discussed below:

- Cash
- Restricted Cash
- Petty Cash
- Investments
- Selected Prepaid Expenses and Deferred Charges
- Selected Accrued Liabilities
- Payroll Liabilities
- Compensated Absences
- Other Post-Employment Benefits (OPEB) Liability
- Unfunded Pension Liabilities (GASB 68)
- Unrestricted and Restricted Net Assets

Home Forward’s asset management program will maintain the above balance sheet accounts centrally. Maintaining these accounts centrally has proven to be the most cost effective and least labor intensive method ensuring efficient accounting operations and ultimately reducing costs charged to the programs. This deviates from HUD’s asset management requirements as these accounts will not be reported at the AMP or program. Additionally, the centralization of cash and investments is in keeping with the single fund precept of our MTW authority. For those balance sheet accounts that are originated from expense entries, the related expenses will continue to be reported as an expense to the appropriate program, department and AMP-based income and expense statement through direct charges or allocations.

The agency is continually reviewing our asset management practices and will likely revise our approach over the coming years.
Appendix B

Resident Rights, Participation, Waiting List, and Grievance Procedures

Section 1.6 – Special Provisions Affecting Conversions to Project-Based Vouchers from PIH Notice 2013-23

C. PBV Resident Rights and Participation

1. **No Re-screening of Tenants upon Conversion.** Pursuant to the RAD statute, at conversion, current households are not subject to rescreening, income eligibility, or income targeting. Consequently, current households will be grandfathered for conditions that occurred prior to conversion but will be subject to any ongoing eligibility requirements for actions that occur after conversion. For example, a unit with a household that was over-income at time of conversion would continue to be treated as an assisted unit. Thus, 24 CFR § 982.201, concerning eligibility and targeting, will not apply for current households. Once that remaining household moves out, the unit must be leased to an eligible family. MTW agencies may not alter this requirement.

2. **Right to Return.** See section 1.4.A.4(b) regarding a resident’s right to return.

3. **Renewal of Lease.** Since publication of the PIH Notice 2012-32 Rev 1, the regulations under 24 CFR § 983.257(b)(3) have been amended requiring Project Owners to renew all leases upon lease expiration, unless cause exists. MTW agencies may not alter this requirement.

4. **Phase-in of Tenant Rent Increases.** If a tenant’s monthly rent increases by more than the greater of 10 percent or $25 purely as a result of conversion, the rent increase will be phased in over 3 or 5 years. To implement this provision, HUD is specifying alternative requirements for section 3(a)(1) of the Act, as well as 24 CFR § 983.3 (definition of “total tenant payment” (TTP)) to the extent necessary to allow for the phase-in of tenant rent increases. A PHA must create a policy setting the length of the phase in period at three years, five years or a combination depending on circumstances. For example, a PHA may create a policy that uses a three-year phase-in for smaller increases in rent and a five-year phase-in for larger increases in rent.

This policy must be in place at conversion and may not be modified after conversion. The method described below explains the set percentage-based phase-in a Project Owner must follow according to the phase-in period established. For purposes of this section “standard TTP” refers to the TTP calculated in accordance with regulations at 24 CFR §5.628 and the “most recently paid TTP” refers to the TTP recorded on line 9j of the family’s most recent HUD Form 50058. If a family in a project converting from Public Housing to PBV was paying a flat rent immediately prior to conversion, the PHA should use the flat rent amount to calculate the phase-in amount for Year 1, as illustrated below.

Three Year Phase-in:

**Year 1:** Any recertification (interim or annual) performed prior to the second annual recertification after conversion – 33% of difference between most recently paid TTP or flat rent and the standard TTP

**Year 2:** Year 2 Annual Recertification (AR) and any Interim Recertification (IR) prior to Year 3 AR – 66% of difference between most recently paid TTP and the standard TTP

---

3 These protections (as well as all protections in this Notice for current households) apply when in order to facilitate repairs a household is relocated following the conversion and subsequently returns to the property, even if they are considered a “new admission” upon return.
Year 3: Year 3 AR and all subsequent recertifications – Full standard TTP

Five Year Phase in:

Year 1: Any recertification (interim or annual) performed prior to the second annual recertification after conversion – 20% of difference between most recently paid TTP or flat rent and the standard TTP

Year 2: Year 2 AR and any IR prior to Year 3 AR – 40% of difference between most recently paid TTP and the standard TTP

Year 3: Year 3 AR and any IR prior to Year 4 AR – 60% of difference between most recently paid TTP and the standard TTP

Year 4: Year 4 AR and any IR prior to Year 5 AR – 80% of difference between most recently paid TTP and the standard TTP

Year 5 AR and all subsequent recertifications – Full standard TTP

Please Note: In either the three-year phase-in or the five-year phase-in, once the standard TTP is equal to or less than the previous TTP, the phase-in ends and tenants will pay full TTP from that point forward. MTW agencies may not alter this requirement.

1. **Family Self Sufficiency (FSS) and Resident Opportunities and Self Sufficiency Service Coordinator (ROSS-SC) programs.** Public Housing residents that are current FSS participants will continue to be eligible for FSS once their housing is converted under RAD, and PHAs will be allowed to use any remaining PH FSS funds, to serve those FSS participants who live in units converted by RAD. Due to the program merger between PH FSS and HCV FSS that took place pursuant to the FY14 Appropriations Act (and was continued in the FY15 Appropriations Act), no special provisions are required to continue serving FSS participants that live in public housing units converting to PBV under RAD.

   However, PHAs should note that there are certain FSS requirements (e.g. escrow calculation and escrow forfeitures) that apply differently depending on whether the FSS participant is a participant under the HCV program or a public housing resident, and PHAs must follow such requirements accordingly. All PHAs will be required to administer the FSS program in accordance with FSS regulations at 24 CFR Part 984, the participants’ contracts of participation, and the alternative requirements established in the “Waivers and Alternative Requirements for the FSS Program” Federal Register notice, published on December 29, 2014, at 79 FR 78100. Further, upon conversion to PBV, already escrowed funds for FSS participants shall be transferred into the HCV escrow account and be considered TBRA funds, thus reverting to the HAP account if forfeited by the FSS participant.

   Current ROSS-SC grantees will be able to finish out their current ROSS-SC grants once their housing is converted under RAD. However, once the property is converted, it will no longer be eligible to be counted towards the unit count for future ROSS-SC grants, nor will its residents be eligible to be served by future ROSS-SC grants, which, by statute, can only serve public housing residents.

---

4 The funding streams for the PH FSS Program and the HCV FSS Program were first merged pursuant to the FY 2014 appropriations act. As a result, PHAs can serve both PH residents and HCV participants, including PBV participants, with FSS funding awarded under the FY 2014 FSS Notice of Funding Availability (FSS NOFA) and any other NOFA under which the combination of funds remains in the applicable appropriations act. For PHAs that had managed both programs separately and now have a merged program, a conversion to PBV should not impact their FSS participants.
2. **Resident Participation and Funding.** In accordance with Attachment 1B, residents of Covered Projects with converted PBV assistance will have the right to establish and operate a resident organization for the purpose of addressing issues related to their living environment and be eligible for resident participation funding.

3. **Resident Procedural Rights.** The following items must be incorporated into both the Section 8 Administrative Plan and the Project Owner’s lease, which includes the required tenancy addendum, as appropriate. Evidence of such incorporation may be requested by HUD for purposes of monitoring the program.

1. **Termination Notification.** HUD is incorporating additional termination notification requirements to comply with section 6 of the Act for public housing projects that convert assistance under RAD. In addition to the regulations at 24 CFR § 983.257 related to Project Owner termination of tenancy and eviction (which MTW agencies may not alter) the termination procedure for RAD conversions to PBV will require that PHAs provide adequate written notice of termination of the lease which shall not be less than:

   a. A reasonable period of time, but not to exceed 30 days:

      i. If the health or safety of other tenants, PHA employees, or persons residing in the immediate vicinity of the premises is threatened; or
      ii. In the event of any drug-related or violent criminal activity or any felony conviction;

   b. 14 days in the case of nonpayment of rent; and

   c. 30 days in any other case, except that if a State or local law provides for a shorter period of time, such shorter period shall apply.

2. **Grievance Process.** Pursuant to requirements in the RAD Statute, HUD is establishing additional procedural rights to comply with section 6 of the Act. For issues related to tenancy and termination of assistance, PBV program rules require the Project Owner to provide an opportunity for an informal hearing, as outlined in 24 CFR § 982.555. RAD will specify alternative requirements for 24 CFR § 982.555(b) in part, which outlines when informal hearings are not required, to require that:

   a. In addition to reasons that require an opportunity for an informal hearing given in 24 CFR § 982.555(a)(1)(i)-(vi), an opportunity for an informal hearing must be given to residents for any dispute that a resident may have with respect to a Project Owner action in accordance with the individual’s lease or the contract administrator in accordance with RAD PBV requirements that adversely affect the resident’s rights, obligations, welfare, or status.

      i. For any hearing required under 24 CFR § 982.555(a)(1)(i)-(vi), the contract administrator will perform the hearing, as is the current standard in the program. The hearing officer must be selected in accordance with 24 CFR § 982.555(e)(4)(i).

      ii. For any additional hearings required under RAD, the Project Owner will perform the hearing.

   b. There is no right to an informal hearing for class grievances or to disputes between residents not involving the Project Owner or contract administrator.

---

5 § 982.555(a) (1) (IV) is not relevant to RAD as the tenant-based certificate has been repealed.
c. The Project Owner gives residents notice of their ability to request an informal hearing as outlined in 24 CFR § 982.555(c)(1) for informal hearings that will address circumstances that fall outside of the scope of 24 CFR § 982.555(a)(1)(i)-(vi).

d. The Project Owner provides opportunity for an informal hearing before an eviction.

Current PBV program rules require that hearing procedures must be outlined in the PHA’s Section 8 Administrative Plan.

4. **Earned Income Disregard (EID).** Tenants who are employed and are currently receiving the EID exclusion at the time of conversion will continue to receive the EID after conversion, in accordance with regulations at 24 CFR § 5.617. Upon the expiration of the EID for such families, the rent adjustment shall not be subject to rent phase-in, as described in Section 1.6.C.4; instead, the rent will automatically rise to the appropriate rent level based upon tenant income at that time.

Under the Housing Choice Voucher program, the EID exclusion is limited only to persons with disabilities (24 CFR § 5.617(b)). In order to allow all tenants (including non-disabled persons) who are employed and currently receiving the EID at the time of conversion to continue to benefit from this exclusion in the PBV project, the provision in section 5.617(b) limiting EID to disabled persons is waived. The waiver, and resulting alternative requirement, apply only to tenants receiving the EID at the time of conversion. No other tenant (e.g., tenants who at one time received the EID but are not receiving the EID exclusion at the time of conversion e.g., due to loss of employment; tenants that move into the property following conversion, etc.,) is covered by this waiver.

5. **Jobs Plus.** Jobs Plus grantees awarded FY14 and future funds that convert the Jobs Plus target projects(s) under RAD will be able to finish out their Jobs Plus period of performance at that site unless significant re-location and/or change in building occupancy is planned. If either is planned at the Jobs Plus target project(s), HUD may allow for a modification of the Jobs Plus work plan or may, at the Secretary’s discretion, choose to end the Jobs Plus program at that project.

6. **When Total Tenant Payment Exceeds Gross Rent.** Under normal PBV rules, the PHA may only select an occupied unit to be included under the PBV HAP contract if the unit’s occupants are eligible for housing assistance payments (24 CFR §983.53(d)). Also, a PHA must remove a unit from the contract when no assistance has been paid for 180 days because the family’s TTP has risen to a level that is equal to or greater than the contract rent, plus any utility allowance, for the unit (i.e., the Gross Rent)) (24 CFR §983.258). Since the rent limitation under this Section of the Notice may often result in a family’s TTP equaling or exceeding the gross rent for the unit, for current residents (i.e. residents living in the public housing property prior to conversion), HUD is waiving both of these provisions and requiring that the unit for such families be placed on and/or remain under the HAP contract when TTP equals or exceeds the Gross Rent. Further, HUD is establishing the alternative requirement that the rent to owner for the unit equal the family’s TTP until such time that the family is eligible for a housing assistance payment. HUD is waiving as necessary to implement this alternative provision, the provisions of Section 8(o)(13)(H) of the Act and the implementing regulations at 24 CFR 983.301 as modified by Section 1.6.B.5 of this Notice. In such cases, the resident is considered a participant under the program and all of the family obligations and protections under RAD and PBV apply to the resident. Likewise, all requirements with respect to the unit, such as compliance with the HQS requirements, apply as long as the unit is under HAP contract.

---

6 For example, a public housing family residing in a property converting under RAD has a TTP of $600. The property has an initial Contract Rent of $500, with a $50 Utility Allowance. Following conversion, the residents is still responsible for paying $600 in tenant rent and utilities.
Assistance may subsequently be reinstated if the tenant becomes eligible for assistance. The PHA is required to process these individuals through the Form-50058 submodule in PIC.

Following conversion, 24 CFR §983.53(d) applies, and any new families referred to the RAD PBV project must be initially eligible for a HAP payment at admission to the program, which means their TTP may not exceed the gross rent for the unit at that time. Further, a PHA must remove a unit from the contract when no assistance has been paid for 180 days. If units are removed from the HAP contract because a new admission’s TTP comes to equal or exceed the gross rent for the unit and if the project is fully assisted, HUD is imposing an alternative requirement that the PHA must reinstate the unit after the family has vacated the property; and, if the project is partially assisted, the PHA may substitute a different unit for the unit on the HAP contract in accordance with 24 CFR §983.207 or, where “floating” units have been permitted, Section 1.6.B.10 of this Notice.

7. Under-Occupied Unit. If a family is in an under-occupied unit under 24 CFR 983.259 at the time of conversion, the family may remain in this unit until an appropriate-sized unit becomes available in the Covered Project. When an appropriate sized unit becomes available in the Covered Project, the family living in the under-occupied unit must move to the appropriate-sized unit within a reasonable period of time, as determined by the administering Voucher Agency. In order to allow the family to remain in the under-occupied unit until an appropriate-sized unit becomes available in the Covered Project, 24 CFR 983.259 is waived. MTW agencies may not modify this requirement.

D. PBV: Other Miscellaneous Provisions

1. **Access to Records, Including Requests for Information Related to Evaluation of Demonstration.** PHAs must agree to any reasonable HUD request for data to support program evaluation, including but not limited to project financial statements, operating data, Choice-Mobility utilization, and rehabilitation work. Please see Appendix IV for reporting units in Form HUD-50058.

2. **Additional Monitoring Requirement.** The PHA’s Board must approve the operating budget for the covered project annually in accordance with HUD requirements. 7

3. **Davis-Bacon Act and Section 3 of the Housing and Urban Development Act of 1968 (Section 3).** This section has been moved to 1.4.A.13 and 1.4.A.14.

4. **Establishment of Waiting List.** 24 CFR § 983.251 sets out PBV program requirements related to establishing and maintaining a voucher-wide, PBV program wide, or site-based waiting list from which residents for the Covered Project will be admitted. These provisions will apply unless the project is covered by a remedial order or agreement that specifies the type of waiting list and other waiting list policies. The PHA shall consider the best means to transition applicants from the current public housing waiting list, including:

   i. Transferring an existing site-based waiting list to a new site-based waiting list. If the PHA is transferring the assistance to another neighborhood, the PHA must notify applicants on the wait-list of the transfer of assistance, and on how they can apply for residency at the new project site or other sites. Applicants on a project-specific waiting list for a project where the assistance is being transferred shall have priority on the newly formed waiting list for the new project site in accordance with the date and time of their application to the original project's waiting list.

---

7 For PBV conversions that are not FHA-insured, a future HUD notice will describe project financial data that may be required to be submitted by a PBV owner for purposes of the evaluation, given that PBV projects do not submit annual financial statements to HUD/REAC.
ii. Informing applicants on the site-based waiting list on how to apply for a PBV program-wide or HCV program-wide waiting list.

iii. Informing applicants on a public housing community-wide waiting list on how to apply for a voucher-wide, PBV program-wide, or site-based waiting list. If using a site-based waiting list, PHAs shall establish a waiting list in accordance with 24 CFR § 903.7(b)(2)(ii)-(iv) to ensure that applicants on the PHA’s public housing community-wide waiting list have been offered placement on the converted project’s initial waiting list. In all cases, PHAs have the discretion to determine the most appropriate means of informing applicants on the public housing community-wide waiting list given the number of applicants, PHA resources, and admissions requirements of the projects being converted under RAD. A PHA may consider contacting every applicant on the public housing waiting list via direct mailing; advertising the availability of housing to the population that is less likely to apply, both minority and non-minority groups, through various forms of media (e.g., radio stations, posters, newspapers) within the marketing area; informing local non-profit entities and advocacy groups (e.g., disability rights groups); and conducting other outreach as appropriate. Applicants on the agency’s public housing community-wide waiting list who wish to be placed onto the newly-established site-based waiting list must be done so in accordance with the date and time of their original application to the centralized public housing waiting list. Any activities to contact applicants on the public housing waiting list must be conducted in accordance with the requirements for effective communication with persons with disabilities at 24 CFR § 8.6 and with the obligation to provide meaningful access for persons with limited English proficiency (LEP). 8

A PHA must maintain any site-based waiting list in accordance with all applicable civil rights and fair housing laws and regulations unless the project is covered by a remedial order or agreement that specifies the type of waiting list and other waiting list policies.

To implement this provision, HUD is specifying alternative requirements for 24 CFR § 983.251(c)(2). However, after the initial waiting list has been established, the PHA shall administer its waiting list for the converted project in accordance with 24 CFR § 983.251(c).

5. Mandatory Insurance Coverage. The Covered Project shall maintain at all times commercially available property and liability insurance to protect the project from financial loss and, to the extent insurance proceeds permit, promptly restore, reconstruct, and/or repair any damaged or destroyed project property.

6. Agreement Waiver. This section has been moved to 1.6.(B)(7).

7. Future Refinancing. Project Owners must receive HUD approval for any refinancing or restructuring of permanent debt during the HAP contract term, to ensure the financing is consistent with long-term preservation. (Current lenders and investors are also likely to require review and approval of refinancing of the primary permanent debt.)

8. Administrative Fees for Public Housing Conversions during Transition Period. For the remainder of the Calendar Year in which the HAP Contract is effective (i.e. "transition period"), RAD PBV projects will be funded with public housing funds. For example, if the project’s assistance converts effective July 1, 2015, the public housing Annual Contributions Contract (ACC) between the PHA and HUD will be amended to reflect the number of units under HAP contract, but will be for zero dollars, and the RAD PBV contract will be funded with public housing money for July through December 2015. Since TBRA is not the source of funds, PHAs

---

should not report leasing and expenses into VMS during this period, and PHAs will not receive section 8 administrative fee funding for converted units during this time.

For fiscal years 2014 and 2015, PHAs operating HCV program received administrative fees for units under a HAP contract, consistent with recent appropriation act references to "section 8(q) of the [United States Housing Act of 1937] and related appropriations act provisions in effect immediately before the Quality Housing and Responsibility Act of 1998" and 24 CFR § 982.152(b). During the transition period mentioned in the preceding paragraph, these provisions are waived, and PHAs will not receive section 8 ongoing administrative fees for PBV RAD units.

After this transition period, the section 8 ACC will be amended to include section 8 funding that corresponds to the units covered by the section 8 ACC. At that time, the regular section 8 administrative fee funding provisions will apply.

9. **Choice-Mobility.** One of the key features of the PBV program is the mobility component, which provides that if the family has elected to terminate the assisted lease at any time after the first year of occupancy in accordance with program requirements, the PHA must offer the family the opportunity for continued tenant based rental assistance, in the form of either assistance under the voucher program or other comparable tenant-based rental assistance.

If as a result of participation in RAD a significant percentage of the PHA’s HCV program becomes PBV assistance, it is possible for most or all of a PHA’s turnover vouchers to be used to assist those RAD PBV families who wish to exercise mobility. While HUD is committed to ensuring mobility remains a cornerstone of RAD policy, HUD recognizes that it remains important for the PHA to still be able to use tenant based vouchers to address the specific housing needs and priorities of the community. Therefore, HUD is establishing an alternative requirement for PHAs where, as a result of RAD, the total number of PBV units (including RAD PBV units) under HAP contract administered by the PHA exceeds 20 percent of the PHA’s authorized units under its HCV ACC with HUD.

The alternative mobility policy provides that an eligible voucher agency would not be required to provide more than three-quarters of its turnover vouchers in any single year to the residents of Covered Projects. While a voucher agency is not required to establish a voucher inventory turnover cap, if such a cap is implemented, the voucher agency must create and maintain a waiting list in the order in which the requests from eligible households were received. In order to adopt this provision, this alternative mobility policy must be included in an eligible PHA’s administrative plan.

To effectuate this provision, HUD is providing an alternative requirement to Section 8(o)(13)(E) and 24 CFR part 983.261(c). Please note that this alternative requirement does not apply to PBVs entered into outside of the context of RAD. MTW agencies may not alter this requirement.

10. **Reserve for Replacement.** The Project Owner shall establish and maintain a replacement reserve in an interest-bearing account to aid in funding extraordinary maintenance and repair and replacement of capital items in accordance with applicable regulations. The reserve must be built up to and maintained at a level determined by HUD to be sufficient to meet projected requirements. For FHA transactions, Replacement Reserves shall be maintained in accordance with the FHA Regulatory Agreement. For all other transactions, Replacement Reserves shall be maintained in a bank account covered under a General Depository Agreement (HUD-51999) or similar instrument, as approved by HUD, where funds will be held by the PHA.
Attachment 1B: Resident Provisions in Conversions from Public Housing to PBRA and PBV

This Attachment contains two sections, describing:

1B.1 Summary of Resident Provisions
1B.2 Resident Participation and Funding

1B.1 Summary of Resident Provisions

The following is a summary of special provisions and alternative requirements related to tenants of public housing projects converting under RAD:

Conversion will be considered a significant amendment to a PHA Plan (see Section 1.5(E) of this Notice);

Notification of proposed conversion, meetings during the conversion process, written response to residents comments on conversion, and notification of conversion approval and impact (see Section 1.8 of this Notice);

No rescreening at conversion (see Section 1.6(C)(1) of this Notice for conversions to PBV and Section 1.7(B)(1) for conversions to PBRA);

Right to return after temporary relocation to facilitate rehabilitation or construction (see Section 1.6(C)(2) of this Notice for conversions to PBV and Section 1.7(B)(2) for conversions to PBRA);

Phase-in of tenant rent increases (see Section 1.6(C)(4) of this Notice for conversions to PBV and Section 1.7(B)(3) for conversions to PBRA);

Continued participation in the ROSS-SC and FSS programs (see Section 1.6(C)(5) of this Notice, for conversions to PBV and Section 1.7(B)(4) for conversions to PBRA);

Continued Earned Income Disregard (see Section 1.6(C)(8) of this Notice, for conversions to PBV and Section 1.7.(B)(7) for conversions to PBRA);

Continued recognition of and funding for legitimate residents organizations (see Section 1.6(C)(6) of this Notice for conversions to PBV, Section 1.7(B)(5) of this Notice for conversions to PBRA, and below in Attachment 1B.2 for additional requirements for both programs);

Procedural rights consistent with section 6 of the Act (see Section 1.6(C)(7) of this Notice for conversions to PBV and Section 1.7(B)(6) of this Notice for conversions to PBRA); and

Choice-mobility option allowing a resident to move with a tenant-based voucher after tenancy in the Covered Project (see 24 CFR § 983.260 for conversions to PBV and Section 1.7(C)(5) of this Notice for conversions to PBRA).

For additional information, refer to Notice H2014-09; PIH 2014-17 for additional information on relocation requirements under RAD.
1B.2 Resident and Participation Funding

The following provisions contain the resident participation and funding requirements for public housing conversions to PBRA and PBV, respectively.

A. PBRA: Resident Participation and Funding

Residents of Covered Projects converting assistance to PBRA will have the right to establish and operate a resident organization in accordance with 24 CFR Part 245 (Tenant Participation in Multifamily Housing Projects). In addition, a Project Owner must provide $25 per occupied unit annually for resident participation, of which at least $15 per occupied unit shall be provided to the legitimate tenant organization at the covered property. These funds must be used for resident education, organizing around tenancy issues, and training activities.

In the absence of a legitimate resident organization at a Covered Project:

1. HUD encourages the Project Owner and residents to work together to determine the most appropriate ways to foster a constructive working relationship, including supporting the formation of a legitimate residents organization. Residents are encouraged to contact the Project Owner directly with questions or concerns regarding issues related to their tenancy. Project Owners are also encouraged to actively engage residents in the absence of a resident organization; and

2. Project Owners must make resident participation funds available to residents for organizing activities in accordance with this Notice. Residents must make requests for these funds in writing to the Project Owner. These requests will be subject to approval by the Project Owner.

B. PBV: Resident Participation and Funding

To support resident participation following conversion of assistance, residents of Covered Projects converting assistance to the PBV program will have the right to establish and operate a resident organization for the purpose of addressing issues related to their living environment, which includes the terms and conditions of their tenancy as well as activities related to housing and community development.

1. **Legitimate Resident Organization.** A Project Owner must recognize legitimate resident organizations and give reasonable consideration to concerns raised by legitimate resident organizations. A resident organization is legitimate if it has been established by the residents of a Covered Project, meets regularly, operates democratically, is representative of all residents in the project, and is completely independent of the Project Owner, management, and their representatives.

In the absence of a legitimate resident organization at a Covered Project, HUD encourages the Project Owner and residents to work together to determine the most appropriate ways to foster a constructive working relationship, including supporting the formation of a legitimate residents organization. Residents are encouraged to contact the Project Owner directly with questions or concerns regarding issues related to their tenancy. Project Owners are also encouraged to actively engage residents in the absence of a resident organization; and

2. **Protected Activities.** Project Owners must allow residents and resident organizers to conduct the following activities related to the establishment or operation of a resident organization:

---

9 For the purposes of this Attachment, HUD uses the term "Project Owner" to refer to the owner of a converting or Covered Project. In some instances the owner of a project could be a public, non-profit, or for-profit, e.g., mixed finance projects).
a. Distributing leaflets in lobby areas;

b. Placing leaflets at or under residents’ doors;

c. Distributing leaflets in common areas;

d. Initiating contact with residents;

e. Conducting door-to-door surveys of residents to ascertain interest in establishing a resident organization and to offer information about resident organizations;

f. Posting information on bulletin boards;

g. Assisting resident to participate in resident organization activities;

h. Convening regularly scheduled resident organization meetings in a space on site and accessible to residents, in a manner that is fully independent of management representatives. In order to preserve the independence of resident organizations, management representatives may not attend such meetings unless invited by the resident organization to specific meetings to discuss a specific issue or issues; and

i. Formulating responses to Project Owner’s requests for:

ii. Rent increases;

iii. Partial payment of claims;

iv. The conversion from project-based paid utilities to resident-paid utilities;

v. A reduction in resident utility allowances;

vi. Converting residential units to non-residential use, cooperative housing, or condominiums;

vii. Major capital additions; and

viii. Prepayment of loans.

In addition to these activities, Project Owners must allow residents and resident organizers to conduct other reasonable activities related to the establishment or operation of a resident organization.

Project Owners shall not require residents and resident organizers to obtain prior permission before engaging in the activities permitted in this section.

3. **Meeting Space.** Project Owners must reasonably make available the use of any community room or other available space appropriate for meetings that is part of the multifamily housing project when requested by:

a. Residents or a resident organization and used for activities related to the operation of the resident organization; or

b. Residents seeking to establish a resident organization or collectively address issues related to their living environment.
Resident and resident organization meetings must be accessible to persons with disabilities, unless this is impractical for reasons beyond the organization's control. If the project has an accessible common area or areas, it will not be impractical to make organizational meetings accessible to persons with disabilities.

Project Owners may charge a reasonable, customary and usual fee, approved by the Secretary as may normally be imposed for the use of such facilities in accordance with procedures prescribed by the Secretary, for the use of meeting space. A PHA may waive this fee.

4. **Resident Organizers.** A resident organizer is a resident or non-resident who assists residents in establishing and operating a resident organization, and who is not an employee or representative of current or prospective Project Owners, managers, or their agents.

Project Owners must allow resident organizers to assist residents in establishing and operating resident organizations.

5. **Canvassing.** If a Covered Project has a consistently enforced, written policy against canvassing, then a non-resident resident organizer must be accompanied by a resident while on the property of the project.

If a project has a written policy favoring canvassing, any non-resident resident organizer must be afforded the same privileges and rights of access as other uninvited outside parties in the normal course of operations. If the project does not have a consistently enforced, written policy against canvassing, the project shall be treated as if it has a policy favoring canvassing.

A resident has the right not to be re-canvassed against his or her wishes regarding participation in a resident organization.

6. **Funding.** Project Owners must provide $25 per occupied unit annually for resident participation, of which at least $15 per occupied unit shall be provided to the legitimate resident organization at the covered property. These funds must be used for resident education, organizing around tenancy issues, and training activities.

In the absence of a legitimate resident organization at a Covered Project:

a. HUD encourages the Project Owners and residents to work together to determine the most appropriate ways to foster a constructive working relationship, including supporting the formation of a legitimate residents organization. Residents are encouraged to contact the Project Owner directly with questions or concerns regarding issues related to their tenancy. Project Owners are also encouraged to actively engage residents in the absence of a resident organization; and

b. Project Owners must make resident participation funds available to residents for organizing activities in accordance with this Notice. Residents must make requests for these funds in writing to the Project Owner. These requests will be subject to approval by the Project Owner.
Attachment R

Rental Assistance Demonstration

Home Forward is a successful applicant in the Rental Assistance Demonstration (RAD).

In May 2015 Home Forward submitted six Rental Assistance Demonstration (RAD) applications for six properties, with a total of 285 public housing units. We received six initial Commitments to enter into a Housing Assistance Payment (CHAPs) in September 2015, with amended CHAPS issued in March 2016 (RAD Phase 1). In addition, Home Forward received 24 additional CHAPs in August 2016, totaling 498 units (part of RAD Phase 2). Home Forward is currently working with HUD to determine the timeline of conversion for these properties (see section titled Public Housing Strategy).

Home Forward is converting to project-based vouchers under the guidelines of PIH Notice 2012-32, REV-1 and any successor Notices. Upon conversion to project-based vouchers, Home Forward will adopt the resident rights, participation, waiting list and grievance procedures listed in Section 1.6 of PIH Notice 2012-32, REV-2; and Joint Housing PIH Notice H-2014-09/PHI-2014-17. These resident rights, participation, waiting list and grievance procedures are appended to this attachment. Additionally, Home Forward certifies that it is currently compliant with all fair housing and civil rights requirements.

RAD was designed by HUD to assist in addressing the capital needs of public housing by providing Housing Authorities access to private sources of capital to repair and preserve its affordable housing assets. Please be aware that upon conversion, Home Forward’s Capital Fund Budget will be reduced by the pro rata share of Public Housing Developments converted as part of the Demonstration, and that Home Forward may also borrow funds to address their capital needs. Project-based voucher subsidy is sized to replace the reduction in Capital Funds and operating subsidy lost from the RAD conversions. Home Forward currently has debt under the Capital Fund Financing Program and will be working with Wells Fargo to address outstanding debt issues, which may result in additional reductions of capital funds. Regardless of any funding changes that may occur as a result of conversion under RAD, Home Forward certifies that it will maintain its continued service level.

Under HUD Notice PIH-2012-32, REV-2, Home Forward’s RAD conversion is detailed below as part of its Annual Moving to Work Plan.

The following are the remaining public housing properties that Home Forward anticipates RAD closing or Section 18 approval, by the end of fiscal year 2024. At time of this writing, Home Forward is working with HUD to identify the order properties will close and to transfer assistance from three properties slated for RAD Conversion listed below: Cora Park (#24), Chateau Apartments (#25) and Scattered East A (#29) These properties will transfer their RAD PBV assistance to Dekum Court (#30).

<td>See relevant information above for Chateau Apartments and Cora Park</td>
</tr>
<tr>
<td>Other Information</td>
<td>Dekum Court has a Section 18 Demolition / Disposition Approval. Pursuant to this approval, Home Forward will demolish the project’s existing 40 public housing units and replace them with 187 new affordable housing apartments. Ground-breaking is scheduled for August of 2021. Dekum Court’s redevelopment will occur in two phases. In Phase 1:</td>
</tr>
<tr>
<td></td>
<td>- Home Forward will build 48 units on a portion of the site.</td>
</tr>
<tr>
<td></td>
<td>- Forty of these 48 apartments will have project-based Housing Choice Vouchers.</td>
</tr>
<tr>
<td></td>
<td>- These 48 apartments will replace, on a one-for-one basis, all forty of the existing two and three-bedroom apartments currently comprising Dekum Court.</td>
</tr>
</tbody>
</table>
• Home Forward will move all current Dekum residents from their current homes to their newly-built apartments

In Phase 2:
• Home Forward will demolish Dekum’s 40 existing apartments once vacated by their residents.
• Home Forward will build 139 new affordable apartments.
• 27 of these 139 new apartments will have RAD PBVs due to the transfer of assistance from Cora Park, Chateau Apartments and Scattered East A.
• Those 27 RAD PBV units will replace, on a one-for-one basis, the 16 two-bedroom and 11 three bedroom apartments at the three transferring properties.

Changes in policies that govern eligibility, admission, selection, and occupancy of units at the project after conversion, including any waiting list preferences that will be adopted for the converted project:

Home Forward presented to the Board of Commissioners requested changes to the Section 8 Administrative Plan to accommodate the RAD transition. This request was approved by the Board of Commissioners on April 19, 2016. The changes include adopting guidelines for choice mobility. At the time of this writing, Home Forward is continuing to review RAD requirements and may submit additional changes to the Section 8 Administrative Plan and the Admissions and Continued Occupancy Policy (ACOP) for public housing. All policy changes adhere to RAD requirements listed below under Appendix A, that informs resident rights, participation, waiting list and grievance procedures.

Compliance agreements: Home Forward is currently compliant with all fair housing and civil rights requirements and is not under a Voluntary Compliance Agreement.

Site selection: This conversion complies with all applicable site selection and neighborhood reviews standards. All appropriate procedures have been followed.

Substantial Deviation Definition: As part of the Rental Assistance Demonstration (RAD), Home Forward is redefining the definition of a substantial deviation from the PHA Plan to exclude the following RAD specific items:

1. The decision to convert to either Project Based Rental Assistance or Project Based Voucher Assistance;
2. Changes to the Capital Fund Budget produced as a result of each approved RAD conversion, regardless of whether the proposed conversion will include use of additional Capital Funds;
3. Changes to the construction and rehabilitation plan for each approved RAD conversion; and
4. Changes to the financing structure for each approved RAD conversion.

Information regarding use of MTW Fungibility as defined in PIH Notice 2012-32, REV-2: Impact on Capital Fund:

1. Estimate the amount of the current Capital Fund grant that is associated with the proposed projects and the impact on the PHA’s current Five-Year PHA Plan and Five-Year Capital Action Plan: The current impact associated with the six CHAPS in this application is $160,000. $20,000 has been set aside for each CHAP and another $40,000 set aside for Sequoia Square and Schiller Way, the
two properties that will receive units for transfer of assistance (upon approval from HUD) from Rockwood Station and Fairview Oaks & Woods.

2. **If the RAD conversion will impact an existing CFFP or EPC, or if it proposes to utilize RHF funds to facilitate conversion, the PHA should also indicate the estimated impact of those activities:** Home Forward has submitted 31 additional RAD applications that total 1,008 public housing units. These additional applications are on the RAD waitlist and if approved, will impact our formula Capital Fund Grant allocation by approximately 56% of our current public housing unit count. We will not utilize RHF funds to facilitate conversion.

**Special Provisions Affecting MTW Agencies:** MTW agencies will be able to apply activities impacting the PBV program that are approved in its MTW Plan to those properties as long as they do not conflict with RAD requirements. RAD requirements include statutory requirements or specifically identified special provisions affecting conversions to PBVs, or other conditions and requirements, as detailed in PIH Notice 2012-32 REV-1, including, but not limited to, RAD contract forms or Riders. With respect to any existing PBV regulations that are waived or modified below in Appendix B, except where explicitly noted below in Appendix B, MTW agencies may modify these or other requirements to the PBV program if the activity is approved in its MTW Plan. All other RAD Requirements listed below in Appendix A or elsewhere in PIH Notice 2012-32 REV-1 shall apply to MTW agencies.
