

TAC PURPOSE

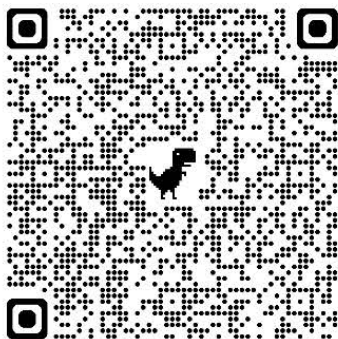

The Tenant Advisory Council (TAC) has the primary purpose of supporting policy-related work at Home Forward. Policy includes laws, rules, actions, and funding decisions across the community. Policy is intended to achieve a goal, such as working to find the solution of a problem. TAC members support solutions and changes for the overall community rather than only the individual. In addition to working on the rules and practices at Home Forward, TAC members may also engage in advocacy outside of Home Forward.

TAC members will meet one time every month and receive a monthly stipend in the amount of \$300.

TAC INCLUSION STATEMENT

To reflect the diversity of all who receive a housing resource from Home Forward, Home Forward seeks a diverse pool of applicants including race, ethnicity, gender identity, sexual orientation, employment status, age, individuals with physical or mental disabilities, religion, immigration status, language, Indigenous identity, and first-generation status.
